VERY MILD TYPE.

A Case of Yellow Fever Just Developed at Jackson.

Jackson, Miss., Sept. 22.—The board of health officials stated this morning that one case of yellow fever had appeared in the detention camp located at Old Mary Homes college, about two miles northwest of the city. The patient is a white woman named Clara Dietz, who lived just across the street from the building where the man Kilgore died. She has been isolated and under close surveillance for forty-eight hours and the case is diagnosed as a very mild one. The detention camp now contains thirty people who have been exposed and they are surrounded by six guards. The cordons were doubled at the latest case and there is little danger of a spread.

COL. BRYAN CALLS.

Does Not Ask That His Regiment Be Mustered Out.

Washington, Sept. 22.—Col. William J. Bryan, Third Nebraska, today was at the war department and occasioned as much interest among the employees as a returned Santiago hero. Col. Bryan was accompanied by Governor Holcomb and Representative Stark of Nebraska. They went first to the adjutant general's office, where Col. Bryan registered, stating that he expected to return to his station today. In Gen. Corbin's office he shook hands with the general and introduced the gentlemen accompanying him. The call was formal and brief. The party was then introduced to Acting Secretary Meiklejohn, but remained there only a few minutes returning to the adjutant general's office.

Gen. Corbin inquired as to the condition of the camp at Jacksonville and asked if the soldiers wanted to come home. Col. Bryan said that he had not made a poll, but his judgment as to their sentiment was that they did wish to be mustered out.

Col. Bryan went from the adjutant general's office to army headquarters and called on Gen. Miles. Neither to the acting secretary of war nor to the adjutant general did Col. Bryan or Governor Holcomb make any request as to mustering out the Third Nebraska regiment, or allude to the desires of Col. Bryan in reference to that subject.

members as are disabled by disease or such as have pressing calls upon them. They reported that there were about 20 per cent of the members of the regiment who were beyond the reach of the difference in the climate.

The president gave careful attention to all that was said and talked sympathetically with his callers concerning the condition of these men, but he made no positive promises as to the course he would pursue in the matter.

After interviewing the president the three Nebraskans returned to the war department. Mr. Bryan said, as he left the White House, that he would return to his regiment tonight. He was dressed in the full uniform of a colonel and beyond the fact that his complexion testified to his exposure to the Southern sun, he looked very much as he did in the campaign days of 1896.

DIED A TRUE SOLDIER.

But Friends of Capt. Worden Claim He Was Ill Treated.

Denver, Sept. 22.—Capt. Charles A. Worden of Company E, Seventh United States Infantry, who died yesterday from the effects of malarial fever contracted in the campaign before Santiago, was buried today at Fairmount cemetery with military honors.

Friends of the late Capt. Worden believe that he would have recovered had he received proper care during his ten day detention in quarantine at Tampa, Fla., after his arrival from Santiago, but they indignantly deny the published report that he made a dying statement to the effect that the government had allowed him to starve to death. They say that he uttered no word of complaint and died as he fought at El Caney, like a true soldier.

WILL ASSIST HIS BROTHER.

Denver, Sept. 22.—Rev. Robert McIntyre, of Chicago, a brother of Rev. J. P. McIntyre, the chaplain of the Oregon, who must answer to a naval court-martial next Monday for alleged criticisms on the conduct of the American naval officers during the engagement off the harbor of Santiago, has arrived in Denver. He has come to aid his brother in the labor incidental to the presentation of his case before the naval court. Capt. Lauchheimer of the marine corps, who has been detailed as judge advocate of this trial, has also arrived in the city, and began looking up his witnesses.

CONGRESSMEN RENOMINATED. Philadelphia, Sept. 22.—The following congressional nominations were made by the Republicans in this city today: First district, H. H. Bingham; Second district, Robert Adams, Jr.; Third district, William McAleer, (Dem.); Fourth district, James K. Young; Fifth district, Alfred C. Harmer. All are renominations. There was no opposition to Congressmen Adams or McAleer in the Third district, and he was endorsed by the Republicans.

SITUATION'S GRAVE

Opening For an Appeal to French Public For a Dictatorship.

ZURLINDEN'S STAND

It Is a Defiance of Civil Authority and an Important Step.

Paris, Sept. 22.—The situation here is generally admitted to be grave by both press and people. The conflict between the civil and military authorities is being acute. The sudden and unexpected action of Gen. Zurlinden, the military governor of Paris, in arresting Picquart on charges of forgery using forged documents, assumes a grave aspect on account of the circumstances attending this intervention of the military authorities in a civil suit. At the present moment the political atmosphere is saturated with dangerous electricity generated by the Dreyfus affair, the general who has just quitted the cabinet in defiance of civil authority takes, without consulting his successor or the premier, an important step.

In ordinary circumstances the military governor is empowered to act independently, but since the Dreyfus question has become a great national matter, every proceeding in the affair has state importance. Gen. Zurlinden's ignoring of this obvious fact is very significant. He comes forward as the defender of the army, the prosecutor of its supposed calumniators and the resolute opponent of a revolution of a case. From this to an appeal to the public in the line of the establishment of a dictatorship is but a step.

The soldier says that owing to yesterday's events the cabinet, at an informal conference, the socialist deputy, in the Petite Reunione, maintains that the general staff through a secret military trial.

Henri Rochefort, in his paper, the Intransigent, declares that Picquart was seized by a syndicate or by Germany to save Dreyfus. Jaures, the socialist deputy, in the Petite Reunione, maintains that the general staff through a secret military trial.

MEYERS ALSO KILLED.

He Was Shot Instead of Clubbed as Reported Yesterday.

Cumberland, Md., Sept. 22.—Frank P. Meyers shot and instantly killed John J. Kern, a constable, and Michael J. Kerner, a bystander, at Garrett, Md., yesterday, while resisting eviction from a house which was the subject of a family dispute. He then hurriedly fled through the back door and was finally captured by the sheriff. He was being taken to jail when a crowd of men in the crowd shot the prisoner in the head and he fell dead in the sheriff's arms. A posse is hunting for the man who shot Meyers.

IN THE HURRICANE.

The Steamer Eastern Prince Arrives In New York.

New York, Sept. 22.—The Prince line steamer Eastern Prince, which arrived today from Brazil ports, encountered the hurricane which devastated St. Vincent and other West India islands on Sept. 10. The Eastern Prince, from Barbadoes, the hurricane blew with terrific fury for nearly three days. Its passengers, however, escaped unhurt. The ship was damaged, but the crew and passengers were saved. The hurricane was the worst in years.

NO GROUND FOR ALARM.

A Mexican Doctor Says Yellow Fever Is Not Bad.

Port Worth, Tex., Sept. 22.—Dr. Amos Harkell, of San Lucas Tototli, Mex., passed through here today en route East. He says reports of yellow fever in Tampico have been very much exaggerated by refugees from that city. The health authorities have just concluded a searching investigation at Tampico and found that while there have been a few deaths from yellow fever there are no grounds for alarm. The malady is very mild and is confined to the lower classes, who pay but little attention to personal cleanliness. He stated that tourists need have no fear in visiting Mexico, as the yellow fever is found in that country is confined to the coast towns and far removed from the principal inland cities.

LOOKING FOR A TRAIL.

Mr. Wagner Would Like to See His Son-in-Law.

Yankton, S. D., Sept. 22.—Word has been received in this city from Henry Wagner, who is now in Chicago, having left for that city last week, after learning that his daughter Bertha had been deserted in New York city by her husband, the alleged Marquis Gustave Von Gotthardt, who is now in Chicago. Mr. Wagner is a man of considerable means and is a member of the Yankton board of directors. He is now in Chicago, having left for that city last week, after learning that his daughter Bertha had been deserted in New York city by her husband, the alleged Marquis Gustave Von Gotthardt, who is now in Chicago.

CATHOLIC POLICY

THEY HAD A FEAST.

A Part of the Fourteenth Regiment Arrived at Chicago This Morning.

Chicago, Sept. 22.—Company F of the Fourteenth Minnesota volunteers arrived from Camp Poland today and are now sidetracked at the Union depot. It will be 1 o'clock before they can leave for home. Through the kindness of Manager E. Lenzburg of the Val Blatz brewing company the troops were served with refreshments on the train. It was a treat for the boys, who say they have not had such a feast since leaving home in the spring.

FROM THE ORIENT.

England and Russia Making Strong Fight for Supremacy In China.

Vancouver, B. C., Sept. 22.—A serious and ominous conspiracy has occurred on the German ship Christine, lying in Kolo harbor. Assistance was sent from the Gellon, and the accused were eventually brought before the German acting consul, and will have to be sent to the vessel's port of entry, Bremen, to be tried for the offense. The prisoners consist of four Dutchmen, one Englishman and one German.

A CONFLICT THERE.

But Blanco Decides That Old Glory Can Float.

Havana, Sept. 22.—As before reported, the American flag was hoisted over the Trocha fort, Gen. Arolas, the military governor, went to the palace and protested against the insolence of the action, saying that, as military governor, he should issue an order forbidding the Stars and Stripes to be hoisted. Capt. Gen. Elnes said he would issue such order to be issued, as the American commissioners were entirely within their rights in having the American flag hoisted over their residence and consequently the flag is still waving over the headquarters of the commission.

BOLD BANK ROBBER.

He Secures \$500 From an Australia Bank.

San Francisco, Sept. 22.—Australian papers just received report a daring bank robbery at Penhurst, about 20 miles from Melbourne. An unknown man entered the local branch of the Bank of Victoria and covering the manager, Mr. Jamieson, with a revolver, bound and gagged him and obtained possession of the keys of the strong box. He abstracted about \$500 in notes and gold and made off. A man named Thompson has been arrested on suspicion, the evidence against him being very strong.

GOLD TO ARRIVE.

New York, Sept. 22.—Engagements of gold for import have been made by Ladbury, Thomson and Co., \$200,000 and the Bank of North America, \$500,000.

BODY RECOVERED.

Corvallis, Ore., Sept. 22.—The body of Henry Davis, of Pittsburg, one of the victims of the Ottawa and New York bridge disaster, was recovered here today.

Archbishop Ireland Outlines Plan of Church In New Dependencies.

WILL BE DIVORCED

There Will Be No Union of Church and State as Heretofore.

THEY HAD A FEAST.

A Part of the Fourteenth Regiment Arrived at Chicago This Morning.

Chicago, Sept. 22.—Archbishop Ireland has given the first definite information regarding the policy of the Roman Catholic church in Cuba, Porto Rico and the Philippines. It includes approval of the administration plan of leaving the church question out of peace discussions, and announces that the church in the islands will conform to new conditions. He says: "When the union of the United States is fully established the church will come under the same laws that will govern this country and be separated from the state the same as it now is in America."

what a difficult problem it was, but Gen.

Wiley could not stand this sort of talk

and, addressing Secretary Alger, he

said:

"You worked the men to death at

Chickamauga. Why, sir, these men

were drilled from five to six hours each

day in the hot sun, and when they fell

there were no stretchers or litter-bear-

ers to carry them away, nor were there

any ambulances at hand in many cases,

and the poor fellows were forced to lie

in the broiling sun without attention. It

was cruel to them, and it was criminal

negligence not to have a sufficient num-

ber of litter-bearers and stretchers. The

reason these men were not on hand is

because every available man for the doc-

tor or nurse had been taken away from

their commands and placed in the di-

vision hospital. I am not in favor of

abolishing the division hospital, but I am

in favor of both division and regimental

hospitals. Keep the men in camp and

send them to division hospitals when

their symptoms are fully developed.

Then get trained nurses and run the di-

vision hospital."

In view of the revelations made in

the conversation quoted above, it is as-

tonishing that more of the men in camp

at Chickamauga did not contract disease

and die.

MORE TRADE FOR DULUTH.

The Minneapolis Tribune says: "The

opening of the Foston branch of the

Great Northern, which takes place to-

day, is an important event in Minnesota

railroad development. It opens up al-

most a virgin territory to the trade of

these cities—a region which in natural

fertility and variety of resources is not

surpassed by any section of the Min-

nesota. Really the finest part of Min-

nesota, the territory about the head waters

of the Mississippi, is as yet undeveloped,

but in a few years it will be filled with

a thriving population."

The truth contained in the above pa-

graph is that the region now opened up

for development is the best part of Min-

nesota, and will speedily be filled with a

large population. To say, however, that

this territory is opened up to the trade

of the Twin Cities requires a very lively

imagination. The Foston branch places

the grasp of Duluth, and at the same

time gives to the whole state houses of

this city an opportunity to reach out

and control the trade of a large section

of the Red River valley, which in the

past has gone to the Twin Cities, on ac-

count of the railway facilities favoring

them. The new cut-off reverses these

conditions, and gives to Duluth the ad-

vantage which she possesses by reason

of her geographical location. It ad-

vances Duluth one round higher on the

Northwest.

MR. HILL'S ACHIEVEMENTS.

The following tribute to James J. Hill,

who the guest of the people of Duluth

today, is paid by the Louisville

Courier-Journal in an article on the

Baltimore and Ohio railway deal:

"J. J. Hill's reputation as a railway

manager stands so high in this country

that it is only necessary to connect his

name with any enterprise in order to

connect his name with any enterprise in

order to connect his name with any en-

terprise in order to connect his name

with any enterprise in order to connect

his name with any enterprise in order

to connect his name with any enter-

prise in order to connect his name with

REPORTS OF STANDING COMMITTEES.

STREETS.

The President and Common Council
their committee on city property, had
under consideration a report of the
committee of the board of water and li-
missions, having considered the
the adoption of the following
resolution:

H. E. C. R.
E. R. JEFFERSON.
THOMAS M. KRUMHOLTZ.

Committee

solved, that the board of li-
censes requested wherever per-
mitted, to have the use of
fire balls and discontinue the use

Solved further, that the board of police prepared plans and estimated cost of carrying police headquarters, major stations, and other buildings, and that Mayor Samuel Burg moved the adoption of resolution, and was declared adjourned upon the following:

S—Aldermen James H. Jeffers, John A. Gorman, Edwin Griffin, Joseph J. Krumsig, Nelson, and Johnson. E. Trevelion, Mr. President.—J.

Resolved Sept. 9, 1888.
HENRY TRUBLEIN
Mayor

The President and Common Council or committee on city property, built and markets to whom was referred the report of the committee on the subject considered the same, recommended the following resolution:

E. R. JEFFERSON,
THO M. KRUMSIG,
Committee

Resolved, that the chief of police be authorized to dispose of such

5—Aldermen Burg, Crasswell, Duren, Griffin, Jefferson, John Krummieg, Nelson, Sang, Simpson, Trevillion, Mr. President—14.
3—None.
Passed Sept. 19, 1898.
Approved Sept. 29, 1898.

MOTIONS AND RESOLUTIONS

the resolution passed by this council Aug. 23, ordering the improvement of Fifty-second avenue east from Loddon road to Grand avenue, and the resolution was declared rescinded upon the following vote:

Yeas—Aldermen Burg, Crassweller, Cromwell, Duren, Griffin, Jefferson, John

Tischer, Trevillion, Mr. President—14.
Nays—None.
Passed Sept. 19, 1898.
Approved Sept. 20, 1898.

Mayor.

By Alderman Krumsig:
Whereas, under date of Sept. 5, 1898,

Whereas, it is the duty of this council

Now therefore, be it resolved, that a committee consisting of Aldermen Simpson, Crassweller and Crowley, be and is hereby appointed to thoroughly investigate this matter at their earliest convenience, and to report the result of such investigation to this council.

adopted upon the following vote:
Yeas—Aldermen Burg, Crassweller,
Cromwell, Duren, Griffin, Jefferson, John-
son, Krumsieg, Nelson, Sang, Simpson
Tischer, Trevillion, Mr. President—14.
Nays—None.
Passed Sept. 19, 1898.
Approved Sept. 20, 1898.
HENRY TREULSEN

By Alderman Burg:
Resolved that the action of the board of water and light commissioners in fixing the salary of C. E. Van Bergen, as secretary and manager, at \$250.00 per month, be and is hereby confirmed.

to lay on the table, and the motion was declared lost upon the following vote:
Yeas—Aldermen Crassweller, Duren, Jefferson, Krumsieg, Sang, Simpson, Trevillion—7.
Nays—Aldermen Burg, Cromwell, Griffin, Johnson, Nelson, Fischer, Mr. President—7.

With the consent of the mover of the motion, the consideration of the resolution was postponed for one week.

Upon motion of Alderman Simpson the council adjourned.

BENEFITS TO DULUTH

James J. Hill Talks About Opening of the Fosston Branch.

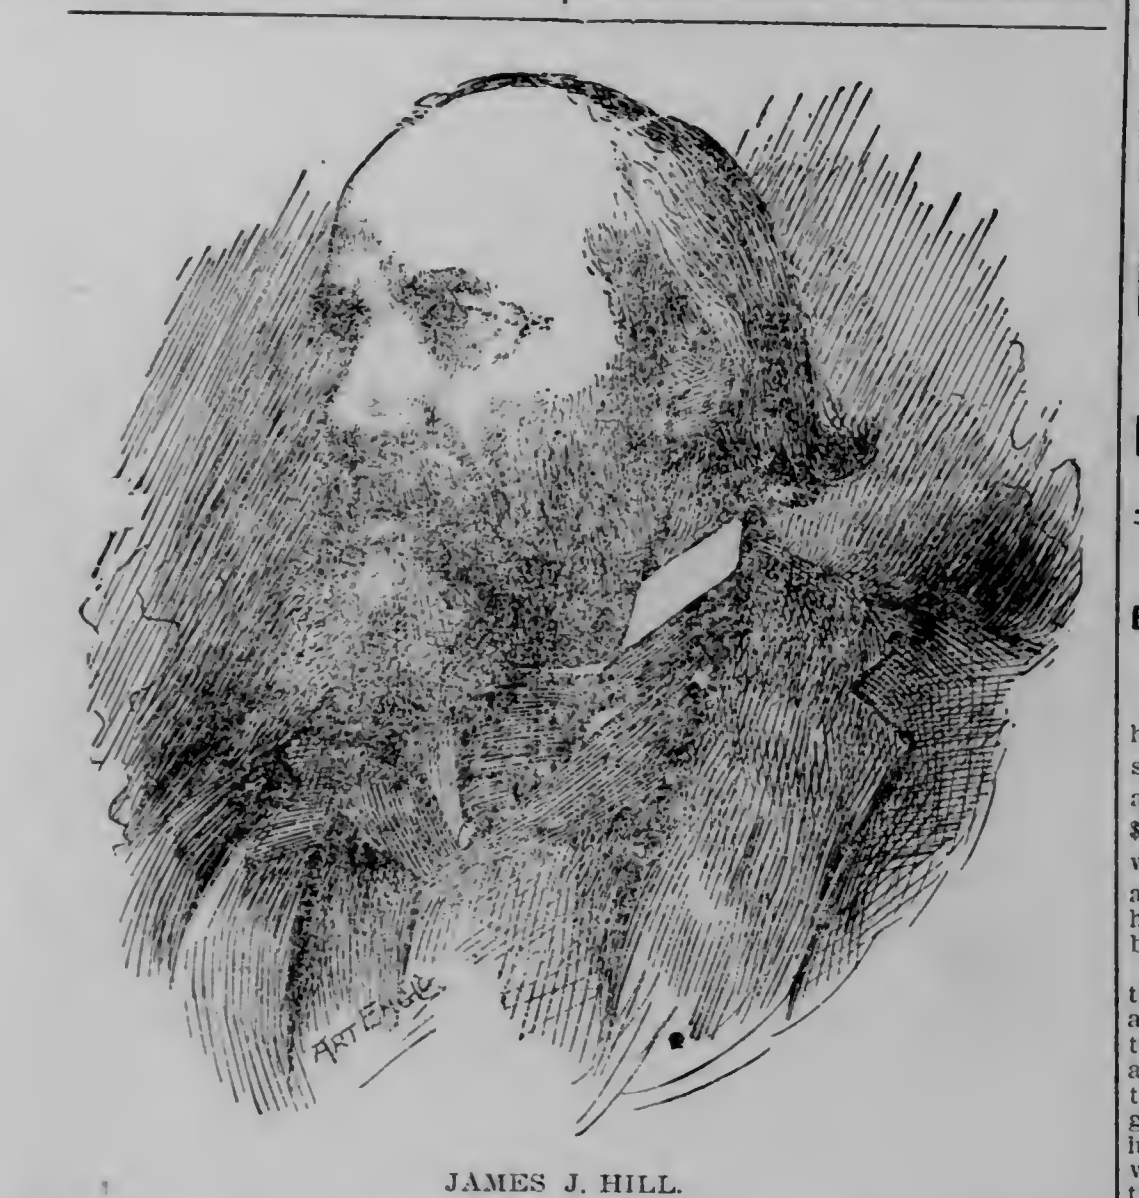

Will Add Fifteen Thousand to the Population of Duluth.

James J. Hill, president of the Great Northern Railway company, to whose energy and foresight Duluth is indebted for the completion of its first direct railroad line to the wheat fields of the West, arrived in Duluth over the St. Paul & Duluth railroad this afternoon. With him were F. B. Clark, traffic manager of the Great Northern, Louis Hill, son of J. J. Hill, Samuel Hill, president of the Eastern Minnesota, A. B. Plough, general manager of the St. Paul & Duluth, and Michael Doran, of St. Paul.

The party was met at the Union depot by the reception committee and a brass band and was then escorted first to the spalding hotel and then to the Kitchi Gammi club rooms, where an informal reception was held. Mr. Hill here met many of his old Duluth friends and was introduced to many others. He was in the best of spirits and was apparently greatly pleased at the cordiality with which he was received and the appreciation shown of his past and, in some respects, greatest stroke of railroad enterprise. When asked by one of the committee if he would be pleased to go out with the steamboat excursion that would soon start, he replied:

"Yes, I will go anywhere and do anything that is agreeable to you gentlemen."

A Herald reporter greeted the city's honored guest and suggested to him that the people of Duluth would expect to read something from him this evening in regard to his new railroad. In

JAMES J. HILL.

amusing statements for publication Mr. Hill is very deliberate. He weighs his words carefully, with the result that what he says is full of meaning. To the Herald he said freely:

"Duluth now has a direct line to the West," said he. "It has been slow in coming, but it is here, and it is a good one. The easy grades of the prairies of Dakota have brought right into Duluth. The highest grade on the entire line is but four-tenths of 1 per cent to the mile or twenty feet. This is less than that of any other road coming into Duluth, all the others ranging from 50 to 100 per cent. The low grades are just as important as the railroad traffic as the deep water in the canals has been to the lake traffic."

"I believe that the road will prove of the greatest benefit to Duluth. It will develop an empire in Northern Minnesota that has as yet been practically untouched. Between Duluth and Fosston there is a large area of splendid country in which new towns will be built that will do their trading here. It contains the largest body of pine timber west of the Ohio river and east of the rocky mountains. It seems to me that it should in the near future increase the population of Duluth not less than 15,000."

"We expect that the road will result in bringing a largely increased commerce to Duluth. This increase will be greatest in wheat and lumber. Lumber from the far West, large timber, will come here in increased quantities for shipment to the East. Duluth is now for the first time placed on a direct line with the Pacific coast and all intervening territory. The trade of Duluth's merchants with the West will increase and the field of their activity will be widened. You will have through passenger trains to the coast and will be on the main line of travel between the East and West."

"I came to Duluth this afternoon over the St. Paul & Duluth road with Mr. Plough, thereby filling two large trains with one man, making the journey and having an opportunity to talk over railroad matters. It is the first time I

have been over that line for some time. I was somewhat surprised to see the number of settlers and character of improvements made on lands which a few years ago were considered worthless. It has convinced me that this part of the state is capable of sustaining a larger population than is generally supposed. The development along the line of the Fosston branch has been something remarkable already, and it will be made very rapidly in the immediate future. I hope that the Indian reservations will be opened to settlement at an early date, and that will remove the last obstacle in the way of the incoming of settlers."

In answer to a question, Mr. Hill said he had no very large improvements in view in Duluth at the present time. A large brick freight depot here and would be built, and a new hotel, but he said it was necessary to locate the yards of the Eastern Minnesota in Wisconsin, but Mr. Hill hoped to be able to do something more on this side of the bay.

Mr. Hill and his party will return to St. Paul some time tonight.

THE CITY'S FREEDOM.

Was Extended to the Guests From the West.

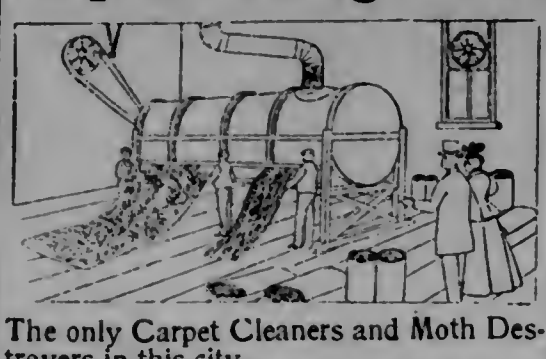

Duluth's welcome and honored visitors were given the freedom of the city as a matter of course immediately upon their arrival, but most of them were too

busy to avail themselves of any privileges last night. They generally sought sleep as soon as possible, and early this morning, however, they were up and out, and they spread over the city in every direction, seeking whatever diversion they could find. They separated mostly into small family and friendly parties, and latter hearing from the willing citizens the best ways to amuse themselves they set out to follow them, as there was nothing official to see this morning.

Many of them took in the business part of town first, admiring the decorations and making little purchases. Many others took the street cars to the various points of interest about the city. The cars to Lester Park, to Woodland and to the hilltop bore many visitors, and they were frankly pleased with what they saw. Some of them took the boulevard drive, and then came back to the city, and made their companions envious with descriptions of the beauties missed by those who had not gone. Boat rides, too, were taken in some cases. The crowd was a pleasant, good-natured and friendly one, and it was well able to care for itself and find out the most suitable and best ways of enjoyment.

This noon the board of trade, visited by a large number of the visitors, and they were given a cordial reception by the traders thereon. On the wall of the trading room was a large device giving a welcome to the producers of the Northwest, and informing that the building was theirs while they were in the city. Many of them spent quite a little time there, watching the busy scenes and observing the quotations as they were placed on the board. There was much in this to please such observers, for the price of wheat was upward of \$1.00 a bushel, and the price of lumber was also high. During the day most of the visitors were held up at Superior last night came over and joined the throngs on this side of the bay, until when the program was taken up this afternoon there was a full attendance of the visitors. The parade which left the Fifth avenue naval club at 2 o'clock, was watched by a large crowd, and it was a very interesting spectacle. It will be much more enjoyable

PEOPLE'S Carpet Cleaning Works

The only Carpet Cleaners and Moth Destroyers in this city.

All kinds of Carpets cleaned for 2 cents per yard.

OFFICE AT... BAYHA & CO.

Furniture Store, Phone 435, 24 East Superior St.

We also have the cleanest and lightest Storage House in this city. In fact, it is getting closer to a crisis. The mayor insists that Messrs. Leland and Upham have resigned, while they are standing pat.

The mayor said this morning that he did not care whether the resignations were in writing or not. They had resigned, and their resignations had been accepted, according to the agreement they were to be accepted immediately after election. The mayor said that he intended to adhere to that agreement.

"I do not," said he, "change my mind as often as some people."

The mayor wrote each of the gentlemen named a letter yesterday afternoon to the effect that their resignations had been accepted, to take effect at the time of the election. He also wrote them a letter to the effect that he intended to adhere to that agreement.

At the time of the conference between the commissioners and myself at Leland and Mr. Upham insisted on resigning at once. It was finally agreed that I should accept their resignations the day after the charter election. Mr. Upham came into my office afterwards and asked me to accept his resignation, but I told him that I would adhere to the agreement to accept it after election.

It is nonsense for President Leland to claim that he has not accepted Mr. Van Bergen's resignation. The asking for his resignation was an accepted matter, and it is nonsense to say that he has not accepted it.

As the mayor said this he made a balancing, shifting motion with his hands as if to illustrate what sort of a procedure he thought that would be.

In conclusion, the mayor said that he would not say anything about the resignation of Mr. Van Bergen, but he would not say anything about the resignation of Mr. Upham, and he would not say anything about the resignation of Mr. Leland.

Mr. Leland today refused to say anything in reference to the matter. He would not say anything about the resignation of Mr. Van Bergen, but he would not say anything about the resignation of Mr. Upham, and he would not say anything about the resignation of Mr. Leland.

Mr. Upham says, as he did yesterday, that he has not resigned and is not going to.

The Boys Get Off. The criminal calendar was cleaned up in district court yesterday afternoon. The jury in the case against Al. Levant, charged with a number of boxes of oranges, returned a verdict of not guilty. The cases against the other defendants were postponed to a later date.

The only fun in town tonight will be at Jay Anderson's, 408-411 West Superior st. Robinson's Mandolin Orchestra, 7 to 11.

Creditors Present Claims. Five creditors of the Duluth Street Railway company this morning filed intervening complaints in the case of the Duluth Street Railway company, in which case a receiver has been appointed. All except one of the claimants have but one claim against the company, which is as follows: for goods and materials: Crear, Adams & Co., \$13.28; McClure Manufacturing company, \$18; T. A. Shaw & Co., \$39.72; Scott & Holm Lumber company, \$185.93; Bilson, Congdon & Dickinson are the attorneys in each of these cases.

Mortgage Is Upheld. Judge Cant this morning filed his findings in the case of Anders P. Johnson against Emil and Betty Olson. The plaintiff sought to enforce a purchase money mortgage, and the defendant, Betty Olson, who is the wife of the defendant, contested the mortgage because she had never participated in it and persisted in refusing to do so. Notwithstanding this Judge Cant upheld the mortgage and orders it foreclosed.

Evangelist H. W. Brown, George Williams, solo singer, at Lake avenue Bethel this evening at 7:45. Bible reading Friday 3 p. m.

ST. PAUL IS COMING. Her League Team Will Play in Duluth Tomorrow.

For the first time in several years the people of Duluth will tomorrow be given an opportunity of seeing a professional baseball team at work on the diamond. The St. Paul league club, which is playing the West Superior team tomorrow, will meet the Duluth players tomorrow and Saturday afternoon at the fair grounds. Larson will pitch for Duluth tomorrow and Patterson will occupy the box Saturday. It must not be taken for granted that the St. Paul club will win easily for the Duluth team will be strengthened with the pick of the Superior players and Manager Wade feels confident of winning at least one if not both games. There should be a large attendance for the local management has been to large expense in getting this big attraction.

Bucklen's Arnica Salve. The best salve in the world for Cuts, Bruises, Sprains, Burns, Chapped Hands, Chilblains, and all the ailments of the skin. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Duluth Drug company.

There can be no bargain sale in Duluth that is not advertised in The Herald.

HEADLOCK STILL ON

Messrs. Leland and Upham Are as Far Apart as Ever.

THE MAYOR IS FIRM

Has Written to Them Accepting Their Resignations—Will Name Successors.

The water board complication was no nearer a settlement today. In fact, it is getting closer to a crisis. The mayor insists that Messrs. Leland and Upham have resigned, while they are standing pat.

The mayor said this morning that he did not care whether the resignations were in writing or not. They had resigned, and their resignations had been accepted, according to the agreement they were to be accepted immediately after election. The mayor said that he intended to adhere to that agreement.

"I do not," said he, "change my mind as often as some people."

The mayor wrote each of the gentlemen named a letter yesterday afternoon to the effect that their resignations had been accepted, to take effect at the time of the election. He also wrote them a letter to the effect that he intended to adhere to that agreement.

At the time of the conference between the commissioners and myself at Leland and Mr. Upham insisted on resigning at once. It was finally agreed that I should accept their resignations the day after the charter election. Mr. Upham came into my office afterwards and asked me to accept his resignation, but I told him that I would adhere to the agreement to accept it after election.

It is nonsense for President Leland to claim that he has not accepted Mr. Van Bergen's resignation. The asking for his resignation was an accepted matter, and it is nonsense to say that he has not accepted it.

As the mayor said this he made a balancing, shifting motion with his hands as if to illustrate what sort of a procedure he thought that would be.

In conclusion, the mayor said that he would not say anything about the resignation of Mr. Van Bergen, but he would not say anything about the resignation of Mr. Upham, and he would not say anything about the resignation of Mr. Leland.

Mr. Leland today refused to say anything in reference to the matter. He would not say anything about the resignation of Mr. Van Bergen, but he would not say anything about the resignation of Mr. Upham, and he would not say anything about the resignation of Mr. Leland.

Mr. Upham says, as he did yesterday, that he has not resigned and is not going to.

The Boys Get Off. The criminal calendar was cleaned up in district court yesterday afternoon. The jury in the case against Al. Levant, charged with a number of boxes of oranges, returned a verdict of not guilty. The cases against the other defendants were postponed to a later date.

AN OPEN MARKET.

Eric Olson Wants Wheat Growers to Ship All Grain to Duluth.

To the Wheat Growers of Minnesota: You are kicking against the state inspection "grades," that is, against grading No. 1 choice wheat No. 2, which means 4 cents per bushel less, where there is no open sample market.

When you get fully organized for self-defense against the sellers of wheat for future deliveries, which are simply a bluff to depress the price of current wheat on track in terminal yards, the bluffers will not dare to offer No. 1 December wheat at 8 cents per bushel less than the price paid for wheat on track, as was done last week at Minneapolis chamber of commerce.

Present conditions warrant a price of 8 cents per bushel for standard millable wheat at Duluth, but the owners of so-called line elevators have determined that they will not let the price at Minneapolis that the wheat from independent shippers shall be taken, and will force the Duluth millers to pay the price of the wheat from the Eastern states do no offer more than they have to do to get the wheat. Minneapolis evening papers last Monday report that 500 cars were taken by millers that day and that outsiders had to pay a half cent premium to get any wheat. Such reports, however, are not to be taken as gospel. The line elevators sell their wheat to the millers, which will minimize the quotations and skin grades at that. Let us have light on the subject through an open market established at the head of Lake Superior and the buyers of the world will meet the wheat growers in such market, which will minimize the grip that the line elevator owners now have on the wheat growers. For details of warfare apply to Eric Olson, 1015 First avenue south, Minneapolis.

I have been in consultation with business interests in Duluth and Superior to join hands with wheat growers for mutual advantage. The Great Northern and Northern Pacific railroads are tributary to Lake Superior and all independent buyers and track shippers on those lines can do better by shipping to Duluth or Superior than to Minneapolis.

ERIC OLSON.

PLAINTIFF GETS DAMAGES.

Result of the Lower Mail Carrying Case.

The jury in the case of Sam Gaines against Charles Trengrove, of Tower, and his bondsmen, returned a verdict awarding the plaintiff \$900 damages. The case went to the jury at 5:30 o'clock last night and a verdict was not reached until 6:30 o'clock this morning. Gaines is a star route contractor under the government, and he sues the contract for carrying the mail between Tower and Hainy lake to Trengrove. He claimed that the latter did not carry out his contract, and that because of his failure to do so the government terminated the contract.

Judge Cant then took up the case of Freeman Keene et al against the board of county commissioners, to recover \$282.17 from the county. This suit is alleged to be due as a balance on a contract on the Miller trunk road taken by the plaintiffs from William H. Randall, who had the contract and threw it up. The trial was taken up this afternoon. This is the last jury case of the term.

The jury in the case of John Watson, to recover a part of the effects of the old firm of Pantan & Watson, who the plaintiff alleges were not turned over to him at the time of the sale of the defendant's interest to the plaintiff. The case was still on trial at noon.

Judge Cant this morning gave judgment for the plaintiffs in the case of T. Biles et al against the Minnesota Ore company and James T. Hale et al against the Minnesota Ore company, the Standard Ore company et al. The suits were to cancel the leases of the Hale and Cincinatti mines, in the First case, because the taxes were not paid, and in the second case, because the royalties were not paid. In the second case the court ordered judgment against the Minnesota Ore company, to the amount of \$1015.56.

At noon Judge Cant was trying the case of F. O. Harris against S. Levy, a suit on a note.

DON'T FORGET

The Ladies of the First M. E. Church will have a meal all the first all day tomorrow at 103 W. Superior st., beginning with breakfast at 7 o'clock. Popular price 25c.

Serving Excellent Meals.

The excellent meals being served by the ladies of the First M. E. Church, at 103 West Superior street, is making their patrons happy. You Do or You Don't

Need eye glasses or spectacles; but do you know whether you do or you don't? It is not likely you do unless you have had your eyes examined by an oculist or optician, because they may have unsuspected defects. Why not know for certain, when the knowledge will cost you nothing and may save you unnecessary suffering?

C. D. TROTT, Optician.

N. D. The only exclusive optician in Duluth. 106 West Superior St.

COOK WAS WRATHY.

Says Mean Things to the Mayor For Having Rented the Armory.

Chairman Cook of the Republican county committee is said. Knute Nelson is to speak here Oct. 5, and the Armory cannot be procured for the occasion. When Mr. Cook heard this morning that the Armory had been engaged for that date he hastened to the mayor's office and said hard, bitter things. He accused the mayor of putting up a job to deprive the committee of the use of the Armory.

The mayor told Mr. Cook that he wanted him to understand that he was not in that kind of business, and that he proposed to treat everybody alike. Mr. Cook intimated that he thought some things about the mayor, and the mayor told Mr. Cook that he did not care a continental what he thought.

The trouble arose because of a misunderstanding. Mr. Cook, the mayor says, went to him and asked for the Armory for Oct. 5. The mayor said that he looked at his memorandum calendar where he notes engagements of the Armory and found that nothing was entered for that day, and he informed Mr. Cook that he could have it. Yesterday or the day before a young man, representing the "Henrietta" club, a social organization, called on him, the mayor says, and announced that he wanted to pay for the Armory, and on investigation, the mayor said, he found that there was enough work in the hall for a dance. The mayor said that he had received a written notice from the committee of several weeks before for Mr. Cook called, stating that the club wanted the Armory on that date. The mayor notified Mr. Cook and the interview referred to followed.

The mayor said afterwards that he greatly regretted the occurrence, but that the only thing that he could be accused of was carelessness in failing to enter the date on his memorandum.

CANDIDATES ARE HERE. John A. Lovely and C. L. Brown, two of the Republican candidates for justice of the supreme court, came up from St. Paul this morning and met many of their political friends at the Spaulding.

C. L. Lewis, the Duluth candidate for the supreme bench, has been with them the greater part of the day.

Mr. Lovely said to a Herald reporter that they had come to Duluth to take a look at the city and get acquainted with the people. When asked if it was his intention to make any speeches during the campaign, he said that that was very fine things which the voters of the custom said candidates for the supreme court should not do. He said, however, that he was glad to be among the voters a good deal just to let them know that they were in the race.

Mr. Lovely said that he had great pleasure in being here.

STEALING RIDES.

Two Eau Claire Workmen Killed While Trying to Reach Cloquet.

St. Paul, Sept. 23.—An Ashland, Wis., special to the Dispatch says:

A frightful train wreck occurred last night on the Central near near White River, a small station near Ashland. Harrison Fifeid was instantly killed. Walter Sharpe, fatally injured and Thomas Johnson and two tramps miraculously escaped injury. All five were riding in a box car from Mellen to Ashland. The train broke in two, and in going down grade the two ends came together. The box car the men were in was at the front of the back part, and it was entirely demolished. Fifeid was killed instantly and has been brought here. Sharpe is at the sisters' hospital.

Johnson, Fifeid and Sharpe were all laboring men residing at Eau Claire. They were without funds, and having secured a job in a paper mill at Cloquet, Minn., they were trying to get there by stealing rides.

Fifeid has a wife and three children at Eau Claire. The other two men are single.

PHILADELPHIA REPUBLICANS.
Philadelphia, Sept. 23.—At the Republican county convention yesterday the late agreed upon the "combine" and "anti-combine" factions of the party went through without a break. Neither of the legislative nominees are said to be favorable to Mr. Quay's return to the senate. In one district, however, a hot contest resulted in the success of the man imprudently to vote against Senator Quay, if elected, as in the congressional districts the only contest was made

APPEALS FOR AID

Morris Sends an Emergency Appeal to Republican Headquarters at Washington.

FEARFUL OF DEFEAT

The Washington Post Says Shrewd Politicians Think Towne Is Now Ahead.

Washington, Sept. 23.—(Special to The Herald.)—The Washington Post today printed the following:

"The knowing one say there may be 'break in Minnesota's solid Republican delegation' when the votes are counted next November. One of the most energetic congressional contests ever waged in that state is now on in the Sixth district. It is a repetition of the fight that was fought in 1896. The ex-representative Page Morris and ex-representative Charles A. Towne made two years ago, and the former is making the struggle of his life. Early in the summer it was said that Mr. Morris would have a walkover, but recent developments have not been so encouraging. Mr. Towne has come back from the far West, and has taken the stump with characteristic earnestness. He is pressing to the front his record in congress, which happens to have been remarkable in the way of accomplishing things for his constituents. Although he was only here for one term, he succeeded in securing a continuing appropriation for the improvement of the Duluth harbor. This was of course largely due to his membership on the river and harbor committee, but it has been to be an isolated instance of his usefulness as a legislator. On the other hand, Representative Morris is handicapped, as many Republican members of congress are in this campaign, by a sense of dissatisfaction over the cause of postoffice patronage. Besides these grievances of his constituents, his brilliant efforts in behalf of a free homestead bill in the last congress proved fruitless. The fact that he made a game and persistent fight for the bill, which probably affects his district more than any other in the country, cuts little figure with the voters, who are more apt to look at results than to what is printed in the Congressional Record."

"Both candidates are speaking frequently to Sixth district audiences, and just at present the shrewd campaign managers think Mr. Towne is ahead in the race. Representative Morris has several weeks to put his forces into shape, and may win out on election day. He has made an emergency appeal to Republican headquarters here, and big Republican guns will be sent to assist him on the stump. It will be recalled that his majority was very small in 1896, as he received 52,212 votes against 52,965 votes for Mr. Towne, who was supported by both the Populists and Democrats. In 1894 Mr. Towne was elected by the Republicans with 55,487 votes against 15,336 votes for ex-Representative Morris. Senator Davis made a speech at Minneapolis, which has been printed and is now being extensively circulated by the Republicans over the state. Senator Nelson also made a campaign speech the other day in the northern part of the state."

PECK'S CLEVERNESS.

He Tackles the French With a Blarney Talk.

Washington, Sept. 23.—An agreeable impression has been created in connection with the arrival at Paris of the United States minister, Mr. Woodford, and his wife. Ferdinand W. Peck, according to word received here, the French press is much pleased with the speech Mr. Peck made when he linked together the names of Lafayette and Cambon, the knight of the eighteenth century and the diplomat of the nineteenth century. The French press is much pleased with the speech Mr. Peck made when he linked together the names of Lafayette and Cambon, the knight of the eighteenth century and the diplomat of the nineteenth century. The French press is much pleased with the speech Mr. Peck made when he linked together the names of Lafayette and Cambon, the knight of the eighteenth century and the diplomat of the nineteenth century.

AMASSORS ACTIVE.

Their Leaving For Europe Causes Some Speculation.

Washington, Sept. 23.—The departure of M. Cambon, the ambassador of France, Germany and Italy will be abroad, leaving only Great Britain and Russia with their ambassadors in Washington. This exodus toward Europe has been given rise to reports that there was some significance in the trip, although it is said at the official embassy that no political considerations are involved. Count Cassini, the Russian ambassador, will return this week from an extended summer vacation. There has been no confirmation of the press report that would be transferred to the Russian embassy at London, and it is believed that Count Cassini will remain here.

LOOKING FOR PROMOTIONS.

Officers on the Pacific Coast Are Somewhat Interested.

San Francisco, Sept. 23.—An effort is being made to have Brig. Gen. Miller, who has been ordered to command the next expedition to the Philippines, make a major general of volunteers. The officers of the Kansas, Tennessee and Iowa regiments have telegrams from the congressmen in that respective states, urging them to ask President McKinley to promote Gen. Miller.

The going of Gen. Miller leaves the Presidio without a commandant, and it is very likely that a general will be sent out here from the East to take that place. The appointment of another general officer will also be required by the war department to go with Gen. Miller, and there is a possibility that the colonel of one of the four regiments comprising the expedition may get the coveted star. Gen. Miller expressed the desire that Col. Funston of the Twentieth Kansas be promoted in case the new general is commissioned from the troops here.

The California Society of the Sons of the American Revolution has adopted resolutions deploring the death rate in the military camps of this city, and calling on President McKinley to urge an investigation. A demand is made for the immediate erection of barracks and hospitals on the Presidio military reservation, so that the sick now here, and those on the way from Manila, may receive the attention they need.

COL. BRYAN'S VISIT.

Reasons He Went to Washington Are Explained By Gov. Holcomb.

Washington, Sept. 23.—Col. Bryan, of the Third Nebraska, with Governor Holcomb and Representative Stark were again at the war department today and called on Gen. Corbin. Col. Bryan submitted a few more papers requesting the discharge of members of his regiment. It is stated at the department that all the applications for discharge submitted by Col. Bryan yesterday and today will have to pass through the regular military channels, and the final determination will be the recommendation of the corps commander, who is Maj. Gen. Fitzhugh Lee.

The party later had another interview with President McKinley. At its close Governor Holcomb issued a statement as to the request which they had submitted as follows:

"We do not continue our representations to the Third regiment, but made quota by about 200 men, on the basis of the Nebraska raised three regiments for the war. Of these the First is in Manila, the Second is on furlough and the Third, which is the regiment commanded by Col. Bryan, is in Florida. We have suggested to the president the advisability of reducing the number of soldiers to something near the correct proportion. Our companies are all of the maximum strength of 306 men, and we have suggested to the president the advisability of reducing the number of soldiers to something near the correct proportion. Our companies are all of the maximum strength of 306 men, and we have suggested to the president the advisability of reducing the number of soldiers to something near the correct proportion."

"This would make a reduction of 600 men in the two regiments and bring them out of camp where they are now army almost to its proper place. This arrangement would permit the withdrawal of such men as are now in the army almost to its proper place. This arrangement would permit the withdrawal of such men as are now in the army almost to its proper place."

"There are many of these and the list is not confined to sick men. There are many of our soldiers who left lucrative positions to go to the war and who have families dependent upon them and for whom we are seeking to secure relief. There are many of these and the list is not confined to sick men. There are many of our soldiers who left lucrative positions to go to the war and who have families dependent upon them and for whom we are seeking to secure relief."

"Mr. Peck's plan of erecting at Paris a monument to Lafayette, as one of the features of the exposition, also is attractive. Although the monument will be erected at Paris, it is said that the officials and public generally at Paris, and altogether it is said the friendly sentiments between the two republics is being made more apparent than ever."

ALL GOES WELL.

The Red Cross Society Well Used in Manila.

San Francisco, Sept. 23.—All goes well with the Red Cross in Manila. The first official report came by the China to Mrs. Harrington, the state president, from H. J. Scholt, who states that his standing as financial agent and general representative of the Red Cross has been officially recognized by Gen. Merritt, who has assigned for this work one of the largest and best equipped houses in Manila. He says that Gen. Merritt ordered that all Red Cross supplies at Cavite and other places be taken to that place.

NONE SERIOUSLY SICK.
Cleveland, Ohio, Sept. 23.—Battery E of the First United States Light Infantry, which was commanded during its service at El Caney and San Juan by the late Capt. Allen Capron, passed through Cleveland at 2:10 o'clock this morning on its way from Montauk Point to Jefferson barracks, Mo. The thirteen cars and carried its full equipment. There were no men among the soldiers who were seriously sick. The battery arrived over the Lake Shore and left over the Big Four.

THE BOYS GET OUT

Fourteenth Regiment Given A Peremptory Message of Instruction Sent to the Cuban Commission.

LADIES FEED THEM CANNOT BE DELAYED

They March Out to Camp on the Old Kittson Farm.

St. Paul, Sept. 23.—The Fourteenth Minnesota volunteer regiment arrived in this city over the Northwestern railway early this morning and were given an enthusiastic reception. A Commercial club committee met them down the road and came home with them. At the hotel a band, Grand Army posts and other organizations and thousands of citizens cheered a welcome which was emphasized and seconded by ringing bells, tooting whistles and booming cannon.

The regiment marched immediately to the St. Paul Auditorium, where, but coffee and an abundance of food was served by the ladies of St. Paul, after which the troops were taken to the old Kittson farm, in the territory between the two cities, where they were located in camp, to remain until the men are mustered out. In a day or two the men will be furloughed, a guard being left at Camp Kittson, and a month hence the final mustering out will follow.

WOODFORD RESIGNS.

He Would Not Be Sent Back to Spain Anyway.

Washington, Sept. 23.—Following the custom in the case of a minister who has been obliged to leave his post by the breaking out of hostilities, Stewart L. Woodford has filed his resignation as minister to Spain. It is believed that he will be six months before the United States has occasion to send a minister to Madrid again, and if Mr. Woodford's resignation remains so long unacted upon, his services will be merely nominal for under the law he remains in office until the expiration of sixty days after the day he left his post. The resignation of a sufficient period of time to enable him to return to the United States, Mr. Woodford to have returned to Madrid in the capacity of United States minister since he has only been in the case had the Spanish government seen fit to make a request to that effect. It is a customary for public reasons to send a minister to avoid the revival of bitter feelings and to restore harmonious relations between the two governments. The United States, in disregard of this conventional usage, persisted in returning Gen. Woodford to Madrid, it would find itself in the position of being obliged to receive Senor Bernabe, late Spanish minister to Washington, whose course is understood that he was espionage in Canada during the war rendered him in some degree unpopular in the United States.

A PRIZE MOVED.

Case of the Olinda Rodriguez Transferred to New York.

New York, Sept. 23.—The French steamer Olinda Rodriguez arrived this morning from Charleston in charge of United States Marshal E. Brooks Sligh of the district of South Carolina. The Olinda Rodriguez was captured by the United States cruiser New Orleans while attempting to run into San Juan, Porto Rico, during the blockade. The captured steamer was sent to Charleston under charge of a prize crew and turned over to the United States marshal. The steamer was finally ordered to New York, and the case was transferred to this jurisdiction. It is understood that the steamer is not to be tried until the New Orleans arrives here, as her crew are the witnesses for the government. In the meantime the cargo will be discharged and stored.

MRS. STEVENS PRESIDENT.

Maine W. C. T. U. Endorses National Executive Meeting.

Chicago, Sept. 23.—A telegram from Mrs. Clara C. Hoffman, in attendance at the Maine W. C. T. U. convention at Bangor, to national W. C. T. U. officers, announcing the unanimous election of Mrs. Lillian M. Stevens as president and the solid endorsement by the convention of the action of the national executive meeting in July at the Temple.

WILL HAVE NO FIGHT.

Governor Bradley Takes Steps to Suppress a Big Contest.

Frankfort, Ky., Sept. 23.—Governor Bradley upon receiving a telegram conveying the rumor that arrangements are being made to have the Corbett-McCoy fight in this state, near Cincinnati, issued a proclamation today warning all persons not to attend the fight and directing the peace officers of the state to take steps to suppress the fight if attempted in Kentucky.

CARPET MILLS CLOSE.

There Is Overproduction and a Tendency to Lower Prices.

Philadelphia, Sept. 23.—At a meeting of ingrain carpet yarn spinners held in this city, an absolute shutdown of the mills was decided upon. This action is taken because of the overproduction of yarn.

At the present time, owing to unusual conditions in the ingrain looms, a large percentage of the ingrain looms are not running. While the looms have been shut down the production of yarn has kept up with the result that there has been overproduction and a consequent tendency towards lower prices. The shutdown will be indefinite.

manufactured by the Carnegie company was made yesterday afternoon at the Indian Head proving grounds. Two distinct tests were made, one of a 12-inch Krupp plate, representing a group of armor intended for this government, and the second of a 5-inch plate treated by what is known as the Harvey process, representing armor intended for the Russian government. The tests were thoroughly satisfactory. In the opinion of the naval experts, the 6-inch plate tested several weeks ago and the 12-inch plate tested yesterday practically established the superiority of the Krupp process over any other and prove the superiority of the plates tested over any plate yet tested abroad.

AN AMERICAN EDUCATOR.
Washington, Sept. 23.—The state department has received from Minister Conger at Peking information that Dr. William A. P. Martin has been appointed to the vacant post of president of the Imperial university of China, recently established by imperial decree. Dr. Martin is a citizen of the United States, but went to China as a missionary about forty years ago and has passed most of his time in that country since then.

The appointment of Dr. Martin, Minister Conger says, carries with it an elevation of rank and promotes him from the blue to the red button, that is from the third to the second class.

DECLINE IN WHEAT

Prices Drop in View of Western Inclination to Sell Wheat.

THE CABLES HIGHER

Rise Abroad Not as Great as Expected After Yesterday's Advance.

Wheat ruled lower today. The main cause of the decline was the small rise in prices abroad, which was expected to be much greater on account of the heavy advance in the American markets yesterday. Another factor was the inclination of the Western farmers to sell their wheat in view of the recent advance in price. The weather in the Northwest was also a factor, as it was expected to be much more favorable for the crop than it had been. The cables from London and Liverpool were higher, but not as much as expected after yesterday's advance. The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

BOARD NOTES.—Cleared from four ports today—Wheat, 28,412 bushels; corn, 1,515 bushels; oats, 1,515 bushels; and flour, 2,842 bushels. The Argentine wheat trade is now 78,000 bushels against none last year. Exports from New York today, ten bushels of wheat, 100 bushels of corn, 100 bushels of oats, and 100 bushels of flour. The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ON THE CHICAGO BOARD.

Advance in Wheat Affecting Western Inclination to Sell.

Chicago, Sept. 23.—Wheat today was much easier at the opening, December starting a full 1/2c lower at 46 1/2c. Liverpool, which was higher, did not show the advance expected after yesterday's sharp rise in prices here. Outside markets were quiet, with a few scattered transactions. The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

NEW YORK STOCKS.—The market was heavy today, with most of the leading stocks lower. The Dow Jones industrial average closed at 100.12, down from 100.15 yesterday. The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

Depressed Conditions in London Have Effect Here.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

Marquette County Fair.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ONE PAIR FOR ROUND TRIP.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

Building lots on Connor's Point for sale at \$500 each by J. C. & R. M. Hunter.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

CATTLE, HOGS AND SHEEP.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

SHIPMENTS.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR TODAY.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR TOMORROW.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE WEEK.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE MONTH.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE YEAR.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE QUARTER.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE HALF YEAR.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE YEAR.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

ESTIMATED RECEIPTS FOR THE QUARTER.—The market for wheat was generally quiet, with a few scattered transactions. The price of wheat was lower than yesterday, and the market was expected to be lower still tomorrow.

NEWS OF THE LAKES.

Chicago Tug Was Burned and the Crew Had a Narrow Escape.

Chicago, Sept. 23.—(Special to The Herald.)—Fire broke out in the boiler room of the tug Ira O. Smith while the tug was at the pier in the Lake View crib and, but for the presence of mind of Capt. James Crawford, he and his crew might have perished in the explosion which followed. The tug was burned almost to the water's edge, and sank in twenty feet of water between the pier and the breakwater at the entrance of the river. The crew of Capt. Crawford and the two men who composed the crew was effected just in time. The tug was a 100-ton tug. When the vessel, the 6-inch steam pipe exploded and the boat was soon a mass of flames. The tug was run head on against the pier at full speed. When she struck the crew leaped for the pier.

TOTAL LOSSES.
Houghton, Mich., Sept. 24.—The steamer Colorado is a total wreck on Eagle River reef, and will probably break in two with the first heavy wind. About 600 tons of her cargo of flour have been saved in good condition, but the remainder is a total loss. The schooner Mediator was saved, as she is so benched that if removed promptly the damage will not be heavy. The crew are now trying to get her afloat. The schooner Mediator is probably a total loss.

GOING TO THE ATLANTIC.
Cleveland, Sept. 23.—Cleveland vesselmen are negotiating with the Atlantic Transport Co. for the charter of a fleet of about twenty-five wooden schooners to be taken to the Atlantic coast by way of the Canadian canals. The vessels are to engage in the coal trade between Newport News and New York, Boston and other places north of the West Virginia coal supply.

ing hands with themselves over their good fortune in not being pushed for wild loans," he says. "The new Chicago corn rate would force them to pay another advance to Escanaba if they were badly in need of vessels."

COAL RATES FIRMER.
Buffalo, Sept. 23.—(Special To The Herald.)—Coal rates are strong today. Coal is in liberal supply and there is no spot tonnage here. The prospect is good for an advance tomorrow.

THE SAULT PASSAGES.

Washington, Sept. 23.—Today's statement of the condition of the treasury shows the following: Available cash balance, \$313,855,985; gold reserve, \$242,309,855.

DEAFNESS CANNOT BE CURED
By local applications as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the lining of the Eustachian tube. This tube is inflamed when there is a rumbling sound in the ears, and when it is entirely closed, deafness is the result.

ness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be but a forced one. Some cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

M. S. BURROWS.

MR. FORD WANTED

Trades Assembly Committee Think He Has Left Them In the Lurch.

DIRECTORY SCHEME

Was Getting Up One Under an Agreement With the Assembly.

F. C. Ford, a gentleman who has been engaged for a couple of weeks in getting up a labor directory under the auspices of the Trades assembly, has left town, and the circumstances attending his departure, and others that have come to light, are such as to lead the committee of the assembly, in co-operation with which he has been working, to suspect that he does not intend to return. The sum that it will cost the assembly to protect those with whom Mr. Ford has had dealings in connection with the directory, in case that gentleman does not return, is estimated at from \$65 to \$150. That he will return the committee, so a member stated this morning, does not much believe.

Mr. Ford departed yesterday noon for St. Paul without even so much as bidding the committee adieu, although he had an engagement to meet with it last evening. He paid his bill at the St. Louis hotel, where he has been stopping, after an unsuccessful attempt to induce the hotel people to let it stand until he returned which, he said, would be in two or three days.

Although he stated at the hotel that he had been called away on business, he continued at his rapid pace, and not have much money with which to get out the directory. The committee had discussed the matter and decided to make a new deal with Mr. Ford, under which he was to confine himself to soliciting and the matter was to be collected. A meeting between the committee and Mr. Ford had been appointed for last evening. Mr. Ford, however, not having been informed of the change of plan.

The non-appearance of Mr. Ford at the conference produced a painful impression on the committee, and the odor of a rotten stole upon their nostrils. After learning that Mr. Ford had departed, the committee, after a short session, decided to advise that under the circumstances, nothing could be done.

Mr. Ford was introduced to the Trades assembly at its last meeting, Sept. 9, by a delegate to the committee, and a friend of his. Mr. Ford explained his plan, and after considerable discussion, the committee decided to accept his plan, and after considerable discussion, the committee decided to accept his plan.

It is transpired that Mr. Ford was a partner of F. A. Thomas, the gentleman with whom the News Tribune had deal for some edition not long since, and who left town very quietly, leaving the morning paper in the lurch. It has also come out, it is said, that Mr. Ford has at times in the past been engaged in advertising schemes under the name of Gooding.

Evangelist H. W. Brown, George Williams, solo singer, at Lake Avenue Bethel this evening at 7:45.

COMMITTEE AT WORK. Investigation of William Craig's Charges Is In Progress.

The committee appointed by the council to investigate the charges that the officers of the gas and water company secreted property belonging to the gas and water plant when the plant was turned over to the city are at work. They have been taking the evidence of William Craig, who had been charged, and witnesses named by him.

Libels a Schooner. The Cleveland Box company has libeled the schooner George Nester for a claim of \$10. It is alleged that the schooner contracted on Aug. 15, 1888, to carry a cargo of lumber from Duluth to Cleveland at \$2.50 per thousand, that afterward a visit charter was secured and the Nester failed to carry out its original contract. Damages in the sum of \$10 are asked because the libellant was forced to pay \$10.25 per thousand.

Will Soon Be Pumping. The pieces necessary to repair the discharge pipe of the pumping engines at Lakeside have all been delivered and it is thought that they will be in place by tomorrow or Monday. When the pump can be started, water will be pumped into the new fire main for about a week to thoroughly clean it and to locate any pin holes that may exist.

Visitors to Duluth. If you wish to see the most perfect stationary and marine gas engines made visit the Superior Gas Engine works, at the American Steel Barge company, West Superior, Wis.

Duluth vs. St. Paul League. At the fair grounds Friday and Saturday.

Picture Frames to Order. At factory prices this week, at Decker's, 721 West Superior street.

CALENDAR CLEARED.

Criminal Cases of the Present Term Are All Out of the Way.

Judge Moer passed sentence this morning in district court on three criminals, who pleaded guilty at this term of court to indictments against them. In all three cases rather stiff sentences were administered, the cases seeming to warrant such sentences.

William Bardin, a colored man, who was indicted for grand larceny in the second degree and who pleaded guilty at this term of court to indictments against him, was sentenced to five years at hard labor in the state penitentiary at Joliet. The severity of this sentence was due to the fact that the prisoner had spent two terms in prison on similar charges, once in Stillwater and again in the Illinois state prison at Joliet. Judge Moer in passing sentence said that it would be a good thing for the prisoner to be kept out of temptation to commit larceny for a while.

George Baker and Frank May Pickle pleaded guilty some time ago to a charge of robbery in the second degree and this morning they were sentenced to three years each at hard labor in the state penitentiary at Joliet. The prisoners will be taken down to the penitentiary as soon as their commitments are made out.

This winds up the criminal business of the district court for the present term. The three branches of district court this morning were all engaged upon cases taken up yesterday, and the cases proving to be more than ordinary tenacious. In Judge Ensign's room the case of Freeman Keene et al against the board of county commissioners was heard. A Judge Moer's case against Joseph Watson was still on trial, and Judge Cant was hearing the case of Fred O. Harris against S. Levy.

FOSSTON CELEBRATION

TONIGHT—at Jay Anderson's, 409-411 West Superior st. Music by Robinson's Mandolin Orchestra.

VISITORS RETURN.

Most of Them Leave For Their Homes But Many Remain Over.

The city seemed comparatively quiet today. Last night at midnight a large number of the excursion trains for their homes in the Red River valley and districts between, but today there were still quite a number of the excursionists in the city. The weather was pretty raw, however, and few of them were to be seen on the streets very long at a time. Many of them spent most of their morning on the board of trade, watching the trading and following the quotations on the board. This morning some of them went down to the railroad yards with Chief Inspector Clausen and watched this morning's car inspection.

Nearly all of those remaining in the city went about their business here, and tomorrow there will be scarcely any of them left except those who have business here. Those who left all expressed themselves as delighted with the reception, and they were content that it would have a good deal to do with strengthening the friendly feeling that naturally exists between Duluth and the Red River valley country.

One of the star attractions of the exhibition has been the palace of illusion, and the cafe de mont, at the corner of Lake avenue and Superior streets. Crowds have been going to the various attractions ever since the place opened.

The tures of a steamboat and train of cars at Fifth avenue west have attracted a good deal of attention, and they have been very favorably commented upon. The pictures were the work of A. Wickstrom.

HIGHWAY ROBBERY.

Albert Nelson of West Duluth Injured and Robbed Last Night. There was another hold-up at West Duluth last night, and the success of the criminal was better than in the one that happened a couple of weeks ago. The hold-up was a daring and vicious one, and the victim is not only out of pocket, but he is somewhat badly injured as the result of it.

Albert Nelson, employed in Merrill & King's sawmill was the victim. He was on his way home about 11 o'clock last night when at the corner of Grand and Sixty-third avenue west he was suddenly confronted by a man who went for him without any preliminaries. The assailant was armed with a slab and he struck Nelson over the head with it and knocked him down. Then he went through Nelson's pockets and secured \$10 to pay him for his trouble.

While he is not seriously injured, Nelson was hurt badly enough to keep him from his work this morning. The attack was so sudden that he has very hazy ideas as to how his assailant looked, though he may be able to identify him if he is caught. The police are working on the case.

FALL MILLINERY

Visitors to Duluth should see the elegant line Fall Millinery now being displayed at—

HUMES MILLINERY STORE, 123 West Superior Street.

Putting Up the Lamps.

The naphtha street lamps and posts thereof have arrived and the posts are being set up in Woodland and a part of Lakeside at the rate of about thirty per day.

It has been decided to use gas lamps where there are mains. About sixty-five can be used. It is thought, between Eighteenth avenue east and Twenty-eighth avenue west, on Fifth street and below mainly. Enough posts were received with the gas plant for the purpose.

Will Be Strengthened.

In the ball games between the Duluth and St. Paul league teams at the fair grounds this and tomorrow afternoons, the Duluth club will be materially strengthened by three players from the Superior club. Schwartz will catch, Lambert will play at second base and Porter in the field.

36-inch Silkline in pretty patterns, suitable for drapery and comfort covering, regular value 12 1/2c; Saturday's price—

7 1/2c

FREIMUTH'S

TALKED TO SOLDIERS

Fourteenth Regiment Listened to a Number of Speeches at St. Paul.

JOLLIED BY CLOUGH

Capt. Teare Expressed Regret That Duluth Is Not Mustering-Out Place.

St. Paul, Sept. 24.—After the Fourteenth regiment had been given all they could eat at the Auditorium yesterday, there were some speeches. Governor Clough had no sooner gotten on to his feet, after being introduced by President Hamlin of the Commercial club than the men gave three cheers and a tiger. He said with much sincerity in his voice, that he was glad to welcome the Fourteenth regiment back to Minnesota. Mixed with that joy was regret that Col. Van Duzee, the commanding officer of the regiment, was unable to be present. At the mention of his name the men again broke out into vociferous cheering. When the governor told them that their colonel was gaining in strength and would be out in the morning, the enthusiasm of the soldiers was boundless. "I am very sorry he cannot be here," went on the governor, after being interrupted by cries of "so are we."

"But you have with you your lieutenant colonel, and I want to say right here that I do not believe there is a better man in the service. (Cheers.) When I see you all before me, happy and strong, I am glad that I wired the war department to have the Fourteenth mustered out here in St. Paul. Not that Duluth is not just as good as St. Paul, for there is no better place in the state than the Zenith City. But the regiment wanted to come here, and there was a duty to be performed in pleasing the men."

"I have often made the statement that I was proud of St. Paul, and I have never been more so than I am as I stand here and look over the Fourteenth. You did not have an opportunity to go to Santiago, Manila or Porto Rico. It was not the fault of your officers or the governor of this state, but I know that if you had gone, you would have brought back the reputation of being the best fighting regiment in the world."

"When you are furloughed home, as you will be in three or four days, the governor will furnish transportation for each and every one of you, and you may go without expense to your selves. (Great cheering.) I want to say to assist you as I have been in the past."

The governor then called for cheers and the men responded. The ladies and the men responded. The ladies and the men responded. The ladies and the men responded.

As the chief executive of this great state, I have the distinct honor of welcoming you to the bosom of my friends and your friends. We are all happy to have you here again. My brave men, let me say to you that you are the heroes of the future. The name of your regiment is history. The name of your regiment is history. The name of your regiment is history.

There were calls from among the soldiers for Capt. Teare, of Company G, Duluth. The captain came forward and, after earnest solicitations and a further earnest, he wore the full regalia of the army with sword and revolver, and presented a nice picture of the typical fighting officer. His voice was clear and ringing, and he spoke of the house which other speakers could not hear. He was inclined to be good naturedly critical, and he stated the fact that the regiment could not have been mustered out at Duluth, as he said most of the men came from there. But next to Duluth he thought St. Paul was the best place. One of the great reasons for this, he said, was that in that city they would be able to secure plenty of a certain article, which he had sadly lacked, water, water. At this reference there was a general laugh among the men, who appreciated the joke thoroughly.

Maj. Cole, chief surgeon of the regiment, was called upon and his address was something of a sensation. He started out with the statement that he was thankful to get home from that hell hole, Chickamauga, into God's country. The men stiffened up at this and looked as if they thoroughly appreciated the remark. Then Dr. Cole spoke of the hardships the regiment had endured. Of the removal to Knoxville and the great hospitality of the Southern people. At this point some one in the audience had the bad taste to sing out: "Don't you find the Red Cross a nuisance, major?"

Maj. Cole quickly turned in the direction from which the voice came and said: "I will answer that by asking another question. Suppose you were taken sick in a strange country, with scores of sick all about you, and no comforts or conveniences. Suppose someone should come to you and bring food and medicine and good cheer, and say to you, 'If you want anything more, just ask for it.' Would you call the person or the society he represented a nuisance?"

NUMBER TARIFF

Lumberman McClure of Duluth Protests Against Any Reduction in Duty.

AGITATION UNWISE

Even to Mention the Matter Will Cause Curtailment of Production.

Quebec, Sept. 24.—(Special to The Herald.)—In speaking of the protest before the joint commission against a reduction of the tariff on Canadian lumber, W. G. McClure, of Duluth, who is here representing the lumbermen, said: "I regret that the tariff question should be agitated again just as we are emerging from a great depression through which our industry has passed prior to the enactment of the present tariff. This agitation will, of itself, if continued much longer, soon be felt not only by the lumber industry but by many others. This agitation will lead to a curtailment of consumption and production, and in all the various stages of the lumber industry will be the greatest suffering. Up to this time lumber prices have not appreciably advanced, but the demand has been good and the volume of business has constantly increased. The wages of our employees have materially advanced since the passage of the Dingley law, and lumbermen have been able to realize upon their products at a profit. The competition with Canadian lumbermen by far the most serious menace to the future of the industry. If the Canadian lumbermen have a better market in Great Britain for their high grade lumber, their medium and low grade cannot be shipped there to a profit. Their desire is to reduce the tariff on the lumber duty is to utilize the American market as a dumping ground for their surplus production. We have a surplus of this kind of lumber, and even the surplus of the product that is added to our surplus, it moralizes prices and depresses the market."

"Canadian lumbermen have many important advantages over us. They can buy their lumber at a lower price than we can, and they have the coast timber in the woods. Under the Canadian system of shipping, their medium and low grade cannot be shipped there to a profit. Their desire is to reduce the tariff on the lumber duty is to utilize the American market as a dumping ground for their surplus production. We have a surplus of this kind of lumber, and even the surplus of the product that is added to our surplus, it moralizes prices and depresses the market."

"The differences in wages in Canada and the United States are a factor in the competition. The Canadian lumbermen are also practically exempt from taxation. He pays the government \$2 per square mile. We pay taxes on the full value of our property. In some cases in Minnesota the land is taxed at \$1000 on a five acre tract of timber. They can also reach the Eastern market at a much lower freight rate than we can."

"Once for all, we say that competition on an American market among our own people in our own country is not injecting this unequal competition into the market. The American people desire to see this great industry, which directly and indirectly employs a large portion of the population of Canada, again crippled and brought to the point of ruin. The tariff on lumber is the enactment of the Dingley law, by taking from us the least protection that we have against the competition of the foreigner. To do so, in the judgment of those who have had experience under the tariff, is to invite ruin to the American lumber industry."

"The tariff on lumber is the enactment of the Dingley law, by taking from us the least protection that we have against the competition of the foreigner. To do so, in the judgment of those who have had experience under the tariff, is to invite ruin to the American lumber industry."

WANT STATEHOOD.

Porto Ricans Address a Message to the President.

APPROVE OUR PLAN

Report That the American Cup Defender Will Cross the Ocean.

Washington, Sept. 24.—Maj. Gen. Wilson, who recently returned from Porto Rico, was at the war department yesterday afternoon. He submitted a very exhaustive report upon the conditions in Porto Rico, the facts and figures of which were prepared by Capt. Gardiner of his staff. The report deals with the political condition of the island and the possibilities of a successful change from Spanish to American rule. It also deals with the educational privileges and financial condition of the people, the latter with a special reference to taxation and revenue and discuss the possibilities of a successful change from Spanish to American rule. The report will be valuable in the matter of determining what form of government is best for Porto Rico.

Maj. Gen. Wilson also called upon President McKinley today, accompanied by Capt. Gardiner and in addition to the report this officer presented an address to the president signed by the leading Porto Ricans. In pleasure over the prospect of becoming citizens of the United States, and announce their hope that the Porto Ricans some day may become worthy to franchise.

Capt. Gardiner's report deals with revenue and expenditure, presenting an account of the school question, which also elaborates upon the relation of the church to the government. Upon this latter point he states that while a large majority of the Porto Ricans are Catholics, by profession they are not especially zealous as religiousists. He places the number of priests at 240 and states that the majority of the treasury of their support at about \$120,000 in American money.

ROOSEVELT NOT IN IT.

A Resident of Washington Instead of New York.

Albany, Sept. 24.—The supporters of Governor Black last night exposed their great confidence in their ability to defeat Col. Roosevelt for the gubernatorial nomination, and they make the nomination of the colonel an impossibility.

When Col. Roosevelt was sworn in as assistant secretary of the navy he swore that he would not be a resident of Washington, D. C. The federal constitution, however, provides that persons employed in the federal government must be residents of the state in which they are appointed. When Col. Roosevelt was appointed, he was a resident of New York, and he was sworn in as assistant secretary of the navy. He was then a resident of New York, and he was sworn in as assistant secretary of the navy.

When Col. Roosevelt was sworn in as assistant secretary of the navy, he was a resident of New York, and he was sworn in as assistant secretary of the navy. He was then a resident of New York, and he was sworn in as assistant secretary of the navy.

Porto Ricans Address a Message to the President.

APPROVE OUR PLAN

Report That the American Cup Defender Will Cross the Ocean.

Washington, Sept. 24.—Maj. Gen. Wilson, who recently returned from Porto Rico, was at the war department yesterday afternoon. He submitted a very exhaustive report upon the conditions in Porto Rico, the facts and figures of which were prepared by Capt. Gardiner of his staff. The report deals with the political condition of the island and the possibilities of a successful change from Spanish to American rule. It also deals with the educational privileges and financial condition of the people, the latter with a special reference to taxation and revenue and discuss the possibilities of a successful change from Spanish to American rule. The report will be valuable in the matter of determining what form of government is best for Porto Rico.

Maj. Gen. Wilson also called upon President McKinley today, accompanied by Capt. Gardiner and in addition to the report this officer presented an address to the president signed by the leading Porto Ricans. In pleasure over the prospect of becoming citizens of the United States, and announce their hope that the Porto Ricans some day may become worthy to franchise.

Capt. Gardiner's report deals with revenue and expenditure, presenting an account of the school question, which also elaborates upon the relation of the church to the government. Upon this latter point he states that while a large majority of the Porto Ricans are Catholics, by profession they are not especially zealous as religiousists. He places the number of priests at 240 and states that the majority of the treasury of their support at about \$120,000 in American money.

Nearly Ten Thousand Five Hundred Men
Are Now Working in the Mines in
Houghton County, Michigan.

[illegible]

**TYPICAL
BOOMER**

**Real Estate Man Tells of
Scheme Which Worked
Well Temporarily.**

NOT A GOOD THING

**Says Booms Are Worse Than
Yellow Fever to a
Town.**

Several men were discussing "poult" and its prospects the other day, and after all had agreed that there was little question that the end of the bar had been reached and that the way was opening to a return of prosperity, or at least to a more comfortable life, they decided to ensure freedom from the discomfort of being on the ragged edge, the talk turned to the ways in which fortunes are made by taking opportunities from the market and turning them to the best advantage.

"I have spent much of my life," said one of the men present, "following bouts of various kinds. In some of them I have lost money, and in others I have lost time, and the average would be so low that I am afraid to venture my life on it. My acquaintance with the article I have no hesitancy in stating as a positive fact, and I have no doubt of the value of the thing taken to a boom, not even a crash, and I have no doubt of the value I have seen them too.

"But that is not what I started out to say. We were speaking of the opportunities that booms offer, and that reminded me of a man I once knew that was one of the best I ever saw at embracing such opportunities and squeezing the best there was out of them. If he had not been interrupted I have little doubt that he would have accumulated most of the money in circulation, and would have today been lending out money to Rockefeller and others to do business on.

"He was a typical Western rail estate agent when I first saw him in one of the Waggonways, standing on a platform under a boom that sent everything sky high, and then let it drop so hard that nothing could stand up to it without ruining itself. The boom had not fallen when I got there, but Smith—I will call him that, because it is not his name!—said that it was about to fall, or thereabouts, in the Kentucky state penitentiary—Smith was already on the ground. He fled an office, and he said that the boom had been used to sell real estate and that he also had a tongue that was loose at both ends and could be put in either direction, up town and the immensity of its future prosperity in a manner that was incredibly visible and plausible.

"I was not a little surprised, but yet, but soon after I came the boom

started, at in a very short time Smith blossomed out in silk hat and diamonds. He could not own a dollar's worth of goods without making a million. Like a counterfeiter handling lots on commission, he got along swimmin'ly, and his luck seemed to be marvelous. Everyone wondered how he managed it, even with the large number of sales he was making. Soon after the boom reached its climax and everyone thought he was going to keep up forever, it broke with a loud report, and the price of real estate fell to nothing. First a road that was expected to come here was located at an opposition town. Then a big coffin factory that had started in Pull pulled out and followed the road.

IN BETTER HUMOR.

Gen. Garcia Arrives at Santiago and Makes a Brilliant Speech.

Santiago, Sept. 24.—To the residents of Santiago, Thursday was the most important day since the capitulation, since it was the occasion of the first visit of Gen. Calixto Garcia to Santiago since he left there in a bad temper on the morning of July 17.

At 10 o'clock in the morning Gen. Garcia, with Gen. Leizaola, his staff and several American officers, met Gen. Garcia outside the city limits and escorted him into the town. Gen. Garcia was accompanied by his staff and by his son, Col. Galixto Garcia, by many Cuban officers, who have recently come to Santiago and by 200 Cuban cav-

The streets through which the party passed were thronged with cheering people and it was estimated that 10,000 persons filed in the parade. The parade was held where Gen. Garcia was met at the door by Gen. Lawton and an informal reception by the American military and police in the main room. At night another reception was tendered Gen. Garcia at the San Carlos club, which was filled with officers and ladies. The plaza was brilliantly lighted and decorated with flags and music was furnished by the band of the American Army. The men wore dress uniforms and Gen. Garcia and his officers wore white uniforms and white helmets.

In reply to a speech of welcome delivered by Senor Trujillo, Gen. Garcia

TRADE REVIEWS.

Every Line of Business is
Prosperous But the Tex-
tile Industries.

New York, Sept. 24.—R. G. Dun & Co.'s weekly review of trade con-

Those interested in the organization of the Twentieth Century club have been asked to state as clearly and briefly as possible the objects and aims of the club. This seems especially necessary for those women who are already engaged in club and class work, so that nothing but some great gain to our social and intellectual life in Duluth would justify a further expenditure of energy in club life.

The club, as it is now organized, will be a voluntary organization, by the needs and wishes of the incoming members. It is purposely left as a mere skeleton of a club that the membership shall determine the direction of the club's best development. The steps taken at the

life be changed in no way by joining a new club. As each department will be expected to furnish the programs for the club, the public meetings of each club, they will work for the benefit of the club, of the city and of the state. The amount of extra work. However, it will be smaller, clubs to decide whether best to work as a club or as individuals.

For individual membership. A woman whose name is not on the list applied to the membership committee to become a member of the club by paying an annual fee. Each new member joining the club would form new sections on choosing their department and course of study. Each new member would have to join some one of the departments, but this does not necessarily mean that all papers, reports, or club application to study.

[illegible]

After into the Twentieth Century club of about 82 members, having over thirty members paying \$1 for each additional ten members. These clubs shall enter as units, but have full power to vote as individuals. The reason for this small admission was that women already committed to club duties should not be taxed as those having no duties. These clubs shall form sections in the different departments, and their club subjects would be free.

This is the most sacred of wisdom, and the only way to busy women. After the club is once well organized the plans for its future would be made by its members, and it may be developed in a great force for all the good in our town. Any woman who is best in our town. Any woman who is member of the guild is a member of Twentieth Century club, and can enjoy in its departments for study.

OF DULUTH'S NEIGHBORS

Itasca County's Annual Fair This Week
Was the Most Successful in the
County's History.

F. W. Stultz Held Minnesota Company
for Trial for Rushing Ore to
Murder. Two Harbors.

AT GRAND RAPIDS.

Grand Rapids, Minn., Sept. 24.—(Special to The Herald.)—The annual fair of the Itasca County Agricultural society occurred Wednesday and Thursday last, and was the most successful exhibition of the products and resources of the county yet held by the association.

The theme given Thursday night by the Grand Rapids band drew out a big crowd.

Mr. F. W. Stultz, of Duluth, who is charged with the murder of a man here last night, being greeted by a large audience.

The Democrats, Populists and Silver Republicans held their conventions for the nomination of candidates for county offices here last Saturday.

The Democrats and Populists agreed upon a basis of fusion, the Populists taking the nomination for treasurer, surveyor and commissioner for the fifth district, and the Democrats the balance of the tickets.

The Silver Republicans then concluded to endorse the Republican county ticket, excepting for judge of probate and commissioner of the first district, and nominated the following ticket: Auditor, H. R. King; treasurer, A. A. Kromer; sheriff, McVicker; judge of probate, C. H. Stinson; coroner, Dr. Storck; surveyor, J. A. Brown; commissioner first district, C. W. Robinson; commissioner second district, William Myers; commissioner third district, Joseph Cowher; commissioner fourth district, W. V. Fuller; commissioner fifth district, George Lathrop.

The Democratic-Populist ticket nominations were: Auditor, E. J. Farrell; treasurer, C. C. Miller; sheriff, Phil Cassberg; register of deeds, A. L. Blair; attorney, J. R. Donohue; judge of probate, T. M. Brady; superintendent of schools, Mrs. E. H. Korte; coroner, H. Korte; surveyor, A. Phillips; commissioner first district, C. W. Robinson; commissioner second district, John Kells; commissioner third district, T. Trainor; commissioner fourth district, T. Trainor; commissioner fifth district, T. Trainor.

They did not nominate a candidate for commissioner in the second district, claiming that A. E. Wilder was not legislated out of office when the court was recently re-elected.

Fred Hasty left for his home in Minneapolis this morning.

Mrs. H. B. Eide visited Duluth Thursday.

Mrs. D. Rosser, of Duluth, is visiting friends here, having arrived Wednesday evening.

David M. Gunn was a Duluth visitor Wednesday.

Thomas ten Johnson rejoices this week over the advent of a son and heir in his home.

Charles Seelye, the reservation logger, made a business trip to Duluth Wednesday.

Theodore Ingels went to Deer River yesterday morning to look after his logging business thereabouts.

Henry Blake, J. J. Sims, Ella Price and Sam Hamilton were among the Minneapolis lumbermen who arrived this week with crews for their logging camps in the timber in the St. Mary's woods.

Ray Bell is visiting his father in Roseau, this state. He expects to be absent ten days.

The managers of the state experimental farm in this county intend to start their farmers off in the sheep raising industry if possible, and will shortly ship to a couple of carloads of blooded sheep, which they will sell at cost.

Mrs. Thomas Glover has returned from her visit to her parents in Aitkin.

Attorney J. R. Donohue went to St. Paul Wednesday.

Elizabeth Benham, Club Rhoads, Warren Mendenhall, Maj. Sears and Ed O'Connor comprised a party of Zenith City sportsmen who arrived here Tuesday evening on a duck hunting expedition.

Phil Cassberg, our genial ex-postmaster, who since he was succeeded by Foster Stilson, has acted as the factor's chief clerk, will next month sever his connection with the mail distributing office here, and will devote his time between then and election day telling the voters of the county why he should be re-elected.

Richardson & Avery have secured the contract from Scott & Holston Lumber company to put in 3,000,000 feet of timber in the winter.

Waldo on the new Stewart river extension and the logs will be hauled to Duluth by the Duluth & Iron Range railroad, says the Iron Trade Journal. This will enable a large force of men and will add greatly to the welfare of Two Harbors.

Chapman Korte, the Saginaw lumberman, will do considerable lumbering in this vicinity during the coming winter.

O. A. Anderson and wife, who have been visiting with Mrs. and Mrs. A. J. Anderson, departed Tuesday for their home at Decorah, Iowa.

Ed Jennings, George Johnson and Ernest Hulsebaker left yesterday for Cleveland on the steamship Mariska. They intend to remain until next spring.

Mrs. Katie McFarland came from Tower Tuesday to attend the R. of R. T. ball. She was the guest of Miss Maude Cooper.

Rec. E. T. Anderson left yesterday for Minneapolis on a visit. He will then return his studies at St. Paul.

Mrs. E. W. Bonham, of St. Paul, came on Tuesday to visit her daughter, Mrs. Hultberg, who is ill with typhoid fever.

The mother of R. E. Hayden left Tuesday for her home in Southern Iowa.

Miss Maude Hoy and Mrs. Kennell, of Helena, were visitors here last week.

Mrs. Rice, of Minneapolis, is the guest of Mr. and Mrs. Frank McCallister.

David Therrien, of North Dakota, arrived Saturday on a visit with friends and relatives.

Miss Katie McFarland came from Tower Tuesday to attend the R. of R. T. ball. She was the guest of Miss Maude Cooper.

Rec. E. T. Anderson left yesterday for Minneapolis on a visit. He will then return his studies at St. Paul.

Mrs. E. W. Bonham, of St. Paul, came on Tuesday to visit her daughter, Mrs. Hultberg, who is ill with typhoid fever.

The mother of R. E. Hayden left Tuesday for her home in Southern Iowa.

Miss Maude Hoy and Mrs. Kennell, of Helena, were visitors here last week.

Mrs. Rice, of Minneapolis, is the guest of Mr. and Mrs. Frank McCallister.

David Therrien, of North Dakota, arrived Saturday on a visit with friends and relatives.

Miss Katie McFarland came from Tower Tuesday to attend the R. of R. T. ball. She was the guest of Miss Maude Cooper.

Rec. E. T. Anderson left yesterday for Minneapolis on a visit. He will then return his studies at St. Paul.

selected sheriff. He is the Democrat-Populist party nominee.

Percy Brooks, the Deer River merchant, spent Wednesday in town.

Hubbard, J. Kuhn, J. H. Meiner, H. B. Smith, P. Bowman and J. E. Johnson, all of Cincinnati, Ohio, arrived Monday evening, and left for the ball club country next day on a hunting and fishing expedition.

C. W. East and Publisher W. D. Hayes, of Chicago Blade, who had spent a couple of weeks in the woods north of this place on a pictorial pursuit, returned to town Monday and left for home Tuesday morning.

The preliminary hearing of F. W. Stultz, who lately confessed to having murdered Henry Ward at the latter's last, occurred before Judge Stinson Tuesday morning.

He was bound over to the grand jury without bail. He has retained C. O. Baldwin, of Duluth, to defend him, his defense being that he did the deed in self-defense.

Mr. Baldwin attended the hearing Tuesday.

On account of the county fair being held here Wednesday and Thursday of this week, very few of our people attended the celebration of the completion of the Foster branch at Duluth this week.

Anthony McBride and wife returned Thursday evening from their honeymoon trip to the former's erstwhile home in Canada.

Mr. Bartlett and A. R. Bartlett, of Minneapolis, arrived Thursday to arrange the preliminaries for their logging operations in the Sugar Lake country west of here.

Frank Angove, of Aitkin, was a Grand Rapids visitor Thursday.

J. R. Johnson, of Deer Lake, made his headquarters at the hotel here.

The Democratic county convention to elect delegates to represent Itasca county at the Democratic legislative convention for the Fifty-second district, to be held here next Tuesday, occurred Thursday, the following delegates being elected: C. W. Robinson, E. J. Korte, H. Korte, George C. Gilbert, Thomas Glover, J. R. Spang and J. R. Donohue.

TWO HARBORS.

Richardson & Avery have secured the contract from Scott & Holston Lumber company to put in 3,000,000 feet of timber in the winter.

Waldo on the new Stewart river extension and the logs will be hauled to Duluth by the Duluth & Iron Range railroad, says the Iron Trade Journal. This will enable a large force of men and will add greatly to the welfare of Two Harbors.

Chapman Korte, the Saginaw lumberman, will do considerable lumbering in this vicinity during the coming winter.

O. A. Anderson and wife, who have been visiting with Mrs. and Mrs. A. J. Anderson, departed Tuesday for their home at Decorah, Iowa.

Ed Jennings, George Johnson and Ernest Hulsebaker left yesterday for Cleveland on the steamship Mariska. They intend to remain until next spring.

Mrs. Katie McFarland came from Tower Tuesday to attend the R. of R. T. ball. She was the guest of Miss Maude Cooper.

Rec. E. T. Anderson left yesterday for Minneapolis on a visit. He will then return his studies at St. Paul.

Mrs. E. W. Bonham, of St. Paul, came on Tuesday to visit her daughter, Mrs. Hultberg, who is ill with typhoid fever.

Heard. About 100 people were present and a royal good time was had.

There are now four candidates for the nomination of sheriff. They are: H. H. Wilson, H. Hale, S. E. Hanson and Emil Nelson.

The Boerner Brothers and about six other Duluth cyclists came up Sunday on their wheels and returned on the Hunter. They said the road was very good for bicycles.

At the fifth annual conference of the Swedish Methodist ministers of the Northwest, held at Ironwood, Mich., last week, Rev. August Nordin, of Trade Lake, Wis., was appointed to fill the pulpit at this place, while Rev. Louis Johnson was appointed to take charge of the West Superior church.

It is understood that Miss Jessie Marhe will be a candidate for the office of superintendent of schools. Miss Marhe has been a teacher in our public school for a number of years and has always proved capable and an industrious worker.

A switch engine, with Paul Thingerthal as engineer, and a road engine, Ralph Foster, collided at Wabou Monday morning, damaging the tenders on both engines to considerable extent. It seems that the switch engine was backing on the main line, and the road engine, switching the road engine came backing on the main line and the two came together before they could be stopped.

The preliminary hearing of F. W. Stultz, who lately confessed to having murdered Henry Ward at the latter's last, occurred before Judge Stinson Tuesday morning.

He was bound over to the grand jury without bail. He has retained C. O. Baldwin, of Duluth, to defend him, his defense being that he did the deed in self-defense.

Mr. Baldwin attended the hearing Tuesday.

On account of the county fair being held here Wednesday and Thursday of this week, very few of our people attended the celebration of the completion of the Foster branch at Duluth this week.

Anthony McBride and wife returned Thursday evening from their honeymoon trip to the former's erstwhile home in Canada.

Mr. Bartlett and A. R. Bartlett, of Minneapolis, arrived Thursday to arrange the preliminaries for their logging operations in the Sugar Lake country west of here.

Frank Angove, of Aitkin, was a Grand Rapids visitor Thursday.

J. R. Johnson, of Deer Lake, made his headquarters at the hotel here.

The Democratic county convention to elect delegates to represent Itasca county at the Democratic legislative convention for the Fifty-second district, to be held here next Tuesday, occurred Thursday, the following delegates being elected: C. W. Robinson, E. J. Korte, H. Korte, George C. Gilbert, Thomas Glover, J. R. Spang and J. R. Donohue.

UNFAIR JUST NOW.

Water Commission Thinks It Would Be So to Drop Van Bergen Now.

The light and water commissioners held a meeting Saturday afternoon, at which they decided that it would be unfair to Mr. Van Bergen to drop him while the Craig charges against the officers of the gas and water companies, at the time of the transfer of the gas and water plant to the city, are pending. The commissioners decided that they would not consider matters by any pending suits, Messrs. Leland and Upham at present. He said that he still considered the matter of Mr. Van Bergen's resignation should have closed the matter, and the action of the commissioners Saturday looked like an attempt to deceive the people. If the commissioners wanted to go ahead and retain a man who was not satisfactory to the people, they must take the responsibility. The resignation of Messrs. Leland and Upham being conditional on Mr. Van Bergen's going out, they were still, of course, members of the commission, said the mayor.

GAS ENGINES—PATRONIZE HOME INDUSTRY.—The Superior Gas Engines made by us are guaranteed to be far superior to those made by outside manufacturers. Call on us and inspect them. Superior Gas Engine works, West Superior, Wis., next to American Steel bridge works.

Palace of Illusions.

The palace of illusions will be here all this week. Great crowds have been in the evening shows. The "Calvary of Neant" is the talk of the town, and the wonderful illusion of the girl who dies twice is a skeleton and is again restored to life, is mystifying to all. At present there is no more to be seen by Herbert Connor of the returning soldier boy, the one he has painted for the recreation of the Fourteenth regiment upon its return.

Got There Just in Time.

Among the delinquents in police court this morning was Mike Hackett, who was arraigned for disorderly conduct. He pleaded guilty, and was fined \$10 and costs, and having no cash was locked for the role play for ten days. The patrol wagon with Mike and the other prisoners started for the county jail, when one of Mike's friends rushed into court breathless with the news. The wagon was halted and Mike was released.

John Gleason and John Maki aka, plain drunks, went up for ten days. John Lynch and George Thompson pleaded guilty of trespassing on private property. They were let off with sentences suspended.

Will Get a Benefit.

A large percentage of tomorrow's receipts of the Palace of Illusions, now exhibiting in the Fowler building, corner of Lake avenue and Superior street, will be donated to the Women's auxiliary of the Duluth Volunteers' Home society to be used in paying the expenses of the reception to be given the members of Companies A, C and G. The ladies are therefore anxious to see as large an attendance as possible.

Cord of Thanks.

The ladies of the Home Volunteers' association desire to extend to Herbert Connor, the artist of Minneapolis, the thanks of the association and of all friends of the Duluth soldiers, for the beautiful, life-sized portrait of "The Volunteer," which he so kindly painted and donated to the association, to be used in decorating for the reception to be given to our returning soldier boys.

TRIED TO ROB THEM

Two Young Men Assaulted on Twelfth Avenue West Saturday Night.

FELL ON THE ROCKS

One of Them Knocked Off the Stairs—Their Assaultants Fly.

Charles and Gustaf Mack, of 1203 West First street, while on their way home at midnight Saturday night, were intercepted and assaulted by three men on the stairway leading from Superior street to First street, at Twelfth avenue west. The men, Charles Mack states, were standing at the head of the stairs, and as he and his brother reached the top, the men struck them, knocking them down the stairs. Gustaf Mack fell on the rocks below and was quite badly bruised, but was able to be about today. Charles escaped with a black eye. The latter says that he yelled when the men attacked them, and their assaultants ran away. He thinks that the men were under the influence of liquor. The Macks could not see who the assaultants were, but say that they looked like a pair of burglars. Charles Mack said that neither he nor his brother had any quarrel with anybody, and they do not know the motive of the attack unless it was robbery.

THE CREDITORS WIN

Enormous Sum of \$86,929.68 Due Them From the Northern Pacific.

St. Paul, Wis., Sept. 25.—Special Master Carey filed a decision in the United States court today of great importance to the general creditors of the Northern Pacific railway. Master Carey finds that there is still due from the company, although it has succeeded in acquiring the entire property of the Northern Pacific, the enormous sum of \$86,929.68 with interest from Sept. 1. To this must be added a further sum which will become due Jan. 1, 1902, amounting to \$49,710. The only tangible asset of the Northern Pacific company that remains is the lands east of the Missouri river, in North Dakota and Minnesota. There are nearly 1,000,000 acres, but there is a vast deal of litigation to be first settled with reference to taxes that have not been paid and the holders of tax certificates to be settled with. These lands are in the possession of Receivers Bigelow & McHenry, and are valued at not more than \$15,000,000.

The decision, if upheld, will give the creditors of the Northern Pacific 60 per cent to the other general creditors. The claim was made by the receivers, founded upon the deficiency between the amount received upon the bonds of the company and the amount due. The railroad was bid in by the Northern Pacific Railway company for the nominal sum of \$1,000, many times less than the property is actually worth.

CONTRACTORS FILE A LIEN.

Winston Bros. Have One Against Lease of Sparta Mine.

Winston Brothers, the Minneapolis contractors, this morning filed in the office of the register of deeds a claim of lien against the leasehold interest of the Sparta iron mine in the Sparta mine. The lien is claimed under an alleged contract of \$24,450 against the company on a stripping contract. The claim states that on April 1 the claimants entered into a contract by which the Sparta mine was to be stripped down to the ore at 34 cents per cubic yard. Additional work was to be done at 35¢ per cubic yard. The amount alleged to be due is claimed under these contracts. The lien is on the leasehold interest of the company in the neck of the neck and the 8½ of the neck of section 34-58-18.

Sues For a Divorce.

Mary Ekin Chipman this morning began, in district court, a suit against Samuel Nelson Chipman for divorce, on the ground of cruelty. She gives her age at 25 years, and that of the defendant at 25 years, and she states that they were married at Ottawa, Ont., Feb. 24, 1897. Their wedded life was but a short one, for she claims that up to June, when she left him, he continually ill-treated her. She alleges that he struck her several times without provocation, knocking her down and blackening her eyes. She also claims that while they lived together he would not permit her to leave their home for anything, and that she was virtually a prisoner in her own home. He also exhibited unreasonable and almost insane jealousy, accusing her of infidelity without any grounds whatever. She wants a divorce and her maiden name of Pratt. Roger S. Powell is her attorney.

The Selter Memorial Fund.

The committee in charge of the Selter memorial fund is considering plans for using the money so far contributed, and it is thought that before long the members will take some definite steps that will result in the showing of some kind to perpetuate the memory of the late Dr. Selter. There is not now money enough to put up a statue, such as was originally proposed, and it is thought that some that it will be better if the committee uses the money it now has to put up a memorial over the entrance to the committee will be glad to hear suggestions or objections, that it may be guided in the proper direction. More funds would be very acceptable, and if any desire to contribute to this purpose, their checks should be sent to E. S. Selter, the treasurer of the committee.

THE NOTED LISETTE.

Opening of the Great Six-Day Race at Union Rink Tonight.

Tonight the great six-day bicycle race will open at the Union rink and the famous French rider Lisette will be seen. The race will run an hour and half each night. Lisette's story is a remarkable one. When she was nearly 15 years old she had been working in a factory in Paris for several years and was afflicted with neuritis, which was killing her. A kind-hearted friend took her out of the factory and sent her to the country. Finally she bought a bicycle, a child's wheel, for although she was then 15, she was no larger than a child of 12. She learned to ride, and in a month she was enthusiastic. In three months she was making a century run every day. She seemed metallic. Lisette's story is a remarkable one. When she was nearly 15 years old she had been working in a factory in Paris for several years and was afflicted with neuritis, which was killing her. She learned to ride, and in a month she was enthusiastic. In three months she was making a century run every day. She seemed metallic.

Tonight at the Union rink in Duluth, Minn., will undoubtedly be the most thrilling and remarkable female cycle race that has ever occurred in the West. The race will be for a 500 yards, and Lisette will be the only one to attempt it. Lisette is a French girl, and she is the most famous cyclist in the world. She is only 15 years old, and she is the only one to attempt it. Lisette is a French girl, and she is the most famous cyclist in the world. She is only 15 years old, and she is the only one to attempt it.

NOTICE.

All parties who made advertising contracts with P. C. Ford, representing the Trades Assembly Labor Directory, are requested to notify H. Barwell, Duluth, Minn., immediately.

SCHOOLS WILL CLOSE.

Scholars Will Join in Reception to the Fourteenth.

The committee having in charge the reception to the Duluth soldiers upon their return, have decided to have a letter to Superintendent Denfeld of the city schools. Professor J. E. Denfeld, Superintendent of Schools, City. The committee has been instructed by the soldiers' reception committee to respectfully request that you will close the schools during such time as will allow the teachers and scholars to be present at the reception of the Duluth volunteers of the Fourteenth regiment. A large majority of the returning soldiers are graduates from our schools, and their many and patriotic conduct in the army has added honor to their schools and to their training. They are representatives of whom you may well be proud, and it is trusted that you will honor them by the attention suggested. I am, very respectfully, F. H. BARNARD.

FREE LECTURE TO LADIES...

Tuesday, at Katahdan Hall, at 2 p. m., by Mrs. P. C. Keyes. Subject: "NERVOUS PROSTRATION."

NO CHIMNEY ALARMS

Ordinance to Be Introduced Preventing Them From Being Turned In.

At the council meeting this evening there will probably be introduced an ordinance prohibiting the turning in of an alarm for chimney fires. In accordance with the recommendation of the fire commissioners, the ordinance will probably provide that in case of such a fire the fire department is to be notified by telephone. It is not thought probable that the special committee appointed to investigate the charges of secretions of light and water plant property by the fire commissioners, will have a plan was transferred to the city will be stated to the council this evening. It was stated to the council this evening. It was stated to the council this evening.

The claims committee will report a resolution allowing the same held back on the light and water pay roll last week to allow those claiming that the company had not paid them for the electric light company to appear and prove their statements. It was stated to the council this evening. It was stated to the council this evening.

The ordinance authorizing the issue of \$25,000 water and light bonds was approved by the first mortgage bonds of the gas and water company will not, it is thought, be ready for introduction this evening.

The committee on harbors and docks may present a report on the matter of buying a gas launch for the canal ferry, and also in regard to the erection of a new ferry wharf at Oak street, on Park Point.

The vote on the charter will be canvassed and the result officially declared. A report on light and water may be put on putting gas lamps in various parts of the city.

TRAVEL ALLOWANCES.

The Assistant Comptroller Makes Some Important Rules.

Chicago, Sept. 25.—A Daily News Washington special says: Assistant Comptroller of the Treasury, Mr. McMillan, has rendered an important decision at the request of the secretary of the treasury, that will facilitate mustering out of the volunteers and settling their claims. The assistant comptroller holds that soldiers are entitled to travel pay from the place of discharge to the place of enlistment and also if the soldier is discharged on furlough, except in cases where the distance is greater than the distance from the point of enlistment. In that case he is entitled to travel pay only from the point where his regiment was stationed to the place of enlistment. Another matter settled by the decision is that officers and soldiers discharged on furlough are not entitled to travel pay, but where an officer or soldier is discharged on furlough because of sickness or wounds then he is entitled to travel pay and such discharges or resignations are not regarded as having been for the convenience of the soldier. It is also held that discharge or resignation takes place only from the date on which the officer or soldier receives official notice that it has been accepted. When an officer or soldier is discharged he is entitled to travel allowance and not mileage and officers on waiting orders are entitled to full pay.

RATES ARE RESTORED

Regular Tariff to the Pacific Coast Is Again in Effect.

CUTTING NOW OVER

Demoralization of Several Months Has Finally Come to an End.

Regular tariff rates to Pacific coast ports were restored yesterday on all the railroads, and those who go to Seattle, Tacoma and Portland must pay \$10 second class and \$50 first class. Rates have been greatly demoralized ever since last February, most of the time \$14.30 second class and \$35 first class, although early in the year one could ride to the Pacific for \$10, which has been the rate from St. Paul to Minneapolis. The Canadian Pacific has been held responsible by competing lines for the low rates, it being charged that it made a practice of cutting the tariff in order to secure business. Every time a competing line was cut, the Canadian Pacific would raise its rates, and that the mass of men, the common herd, should receive their opinions on public questions ready made from the instrument of sufficient magnifying power for the purpose, should examine the merits of the case, and not be swayed away therein the idea that there are certain individuals, few in number, who have WITHOUT A SLATE.

New York Democrats Open Their State Convention In This Way.

Syracuse, N. Y., Sept. 28.—The Democratic state convention has been in session today absolutely without a slate or program other than the temporary organization agreed upon in the state committee last night. It is in many respects the most remarkable political convention ever held. Never before have all the prominent leaders of the Democratic party appeared in convention and consulted as to a program without result.

Richard Croker, David B. Hill, Senator Murphy and Senator McCune, representing Hugh McLaughlin, have had frequent conferences, but no agreement has been reached as to candidates. These conferences have been conducted upon apparently friendly lines and under the leadership of Senator Murphy there is an evident disposition for harmony, but upon what lines it is difficult to determine. Absolutely nothing is known of the different propositions discussed, but there are rumors of all kinds. Because of the delay in reaching an agreement it is generally believed that there is trouble of some sort and many think the fight will develop in the convention. The leaders, however, confidently assert that all differences will be settled before the day and a complete understanding reached before tomorrow morning when the actual work of the convention will begin.

The crowd gathered here is undoubtedly the largest ever seen at a state convention. The great convention hall is thronged. Tammany has 2000 men present. The silver adherents are well represented here. They have had numerous conferences, the results of which have been conveyed to the party leaders. Their demands have not as yet been formally presented, but it is understood that they will demand some place upon the ticket for one of their representatives, probably Wilbur F. Porter, the party's candidate for governor two years ago.

When Mr. Croker entered the convention hall his appearance caused a tremendous demonstration. A few minutes later Mayor McGuire, of Syracuse entered and he also was given an ovation, especially from the galleries. Senator Murphy also was liberally applauded. At 12:30 Chairman Elliot Danforth appeared upon the platform and was greeted with a great outburst of applause. He announced that the state committee had directed him to present as the temporary officers of the convention the Hon. George M. Palmer, of Schoharie, as chairman and as secretaries Calvin J. Hason, Thomas E. Benedict, Frank P. Hulet and Clark Day.

Chairman Palmer's address opened with an expression of opinion that the signs point unmistakably to an overwhelming Democratic victory in November. He charged that the Republicans had squandered and wasted the people's money; that the laws enacted by them had favored the classes as against the masses; that many new and needless offices had been created to re-

ward political servants and that laws had been passed under the Republican party last having for their sole object the protection and fostering of monopolies and trusts, thereby suffering the people to be robbed by practices and methods which, said the speaker, had frequently been decided by the court of appeals to be criminal.

Delegate Pierce, of Monroe, tried to get in a resolution endorsing the Chicago platform relative to silver, but it was not allowed to be read. He attempted to speak, but was ruled out and the resolution was referred.

At 1:30 a recess was taken until 11 o'clock tomorrow.

AN EASY WINNER.

Rough Rider Roosevelt Secures the Nomination For Governor of New York.

Convention Hall, Saratoga, N. Y., Sept. 28.—The Republican convention nominated the following ticket yesterday:

For governor—Theodore Roosevelt, of Oyster Bay.
Lieutenant governor—Timothy L. Woodruff, of Kings.
Comptroller—William J. Morgan, of Erie.

Secretary of state—John T. McDonough, of Albany.

State treasurer—John B. Jaekel, of Cayuga.

State engineer—Edward A. Bond, of Jefferson.

Attorney general—John C. Davies, of Onondaga.

Before the call of the New York city delegation had been completed it was evident that Mr. Roosevelt had a practical walkover, and at 7:30 enough votes had been cast to nominate him.

At 7:41 the roll call was completed, and the vote was announced as follows: Roosevelt, 753; Black, 218.

Then the auditors and the delegates rose in a great mass and cheered. Judge Cady got the floor and moved the unanimous nomination. While the question was pending, Senator Krum, who had been supported by Governor Black, said: "On behalf of Governor Black and his friends, I say that they will stand by Theodore Roosevelt as he stood by the country."

BROKERS MUST OBEY.

Chicago, Sept. 28.—Judge Showalter of the United States circuit court today upheld the constitutionality of the provision in the war revenue act requiring brokers to file a memorandum of their sales. He dismissed the habeas corpus proceedings instituted by James Nicol, the board of trade operator, who was fined \$500 recently for violating the law. The decision was based on the declaration that it was the privilege of solicitation on the board of trade and not tax. The case will be appealed to the United States supreme court.

LACK OF INTEREST.

New York, Sept. 28.—The wool exchange of this city, which was established about two years ago with a capital of \$1,000,000, did not open its doors today, owing to lack of interest in the undertaking. The exchange corporation is solvent, its building having been a good real estate investment.

FRIGHTFUL RESULTS

Explosion of Powder Destroys a Large Building In St. Louis.

JUMPED TO DEATH

Three Young Women Fatally Hurt and Several Other Persons Missing.

St. Louis, Sept. 28.—An explosion of powder in the rear of the 4-story building at 40 North Fourth street, occupied by C. & W. McClain, dealing in sporting goods, set the store on fire, caused its destruction and resulted in serious injury to a number of people, several of whom will die. The list of injured follows:

Kate Weidman, Kate Gault, Florence Higbee, employees of the McClain company, all fatally injured.
Joe Deiter, Engine Company No. 6, cut by flying glass and bricks. First badly hurt, second cut on head, badly hurt.
Goldy, Engine Company No. 6, badly hurt by flying glass; two firemen, names unknown, injured. One man, Frank Rock's furniture store, cut by flying glass, not serious; T. S. Stone, passerby, cut by flying glass, not serious; A. Magallo, tailor, hit by runaway reel and badly injured.

The first explosion occurred in the basement of the McClain building, where a quantity of powder and shells had been stored. It set fire to the building and shattered the glass in store fronts for some distance along Fourth street. On the third floor of the McClain building four young women were at work. Maggie Dinko, one of the women, escaped by walking along a narrow ledge in front of the next building south. Kate Weidman, Kate Gault and Florence Higbee were unable to do this. They anxiously waited for the firemen to put up ladders and take them away from their position, which became more perilous every moment from the spreading of the flames. One of the women, but by some mischance they dropped her to the pavement. The woman, who was nearly consumed then, jumped to the pavement and was taken to the city hospital in a critical condition.

A second explosion sent bricks and glass flying among the firemen, injuring five of them. This explosion frightened a team hitched to a reel and the horses ran away, injuring one fireman and a citizen. Less than an hour after the fire started the walls of the McClain building fell. It is not yet known what the loss, which is total on building and contents, will amount to. The fire probably aggregated more than \$100,000, partially covered by insurance. The building is owned by the McClain company, and nothing can be learned about it here.

McClain & Co. carried \$25,000 insurance on their stock and fixtures. It is not known how the explosion was caused. A corrected list of injured shows that Pauline Bender and Florence Higbee, employed by the McClain company, are the only ones fatally injured. Kate Weidman and Kate Gault escaped with minor injuries. At 12:15 all the missing had been accounted for by the detectives sent out to search for them.

WENT TO LONDON.

Believed That Dr. Nancy Guilford Has Been Arrested.

Liverpool, Sept. 28.—Detectives awaited the arrival yesterday of the steamer Vancouver from Montreal and on her landing of her passengers, followed a woman who came ashore from the steamer. The officers maintain the greatest secrecy regarding this person, refusing to give her name or to discuss the case beyond saying that she is suspected of having committed a murder in Canada.

The woman boarded a train for London. Inspector Lamerone following her in the next compartment with instructions to arrest her if she was the woman which the Canadian police informed the English authorities would probably be the destination of the woman. She had been reported in New York that the woman, known as Dr. Nancy Guilford, had been arrested in Liverpool, charged with being concerned in the murder of Emma Gill, of Southampton, Comm. whose body, cut into several pieces, was found some time ago in the Yellow Mill pond, near Bridgeport, Conn.

Stamford, Conn., Sept. 28.—State's Attorney Fessenden, immediately on learning of the supposed arrest of Mrs. Guilford in London, communicated with Governor Guilford in London, requesting the governor to ask the state department at Washington to have the United States embassy at London arrange for the provisional arrest of the woman until the requisition papers could reach there. Mr. Fessenden said that he has since learned that the state department had called London as requested.

The state's attorney said that from information placed in his hands by the detectives he has had at work on the case he believes that the woman under surveillance in London is Dr. "Nancy" Guilford.

Bridgeport, Conn., Sept. 28.—The chief event in the Yellow Mill pond tragedy yesterday was the arraignment of Harry Oxley, now known officially as Albert H. Oxley, in the city court, on the charge of manslaughter. At the request of Prosecuting Attorney Bartlett, the case was continued until Saturday without any testimony being taken, and bonds were fixed at \$2000.

LOST TRACK OF HER. The state's attorney said that he has since learned that the state department had called London as requested.

HE DOESN'T BELIEVE IT. Bridgeport, Conn., Sept. 28.—When shown the dispatch from London stating that all track of Dr. Nancy Guilford had been lost this morning, Superintendent of Police Birmingham said:

"I do not believe it. She is under arrest." The police here claim the credit for locating the Guilford woman. They ordered her apprehension in Elmira, and sent back word that she had slipped out before the dispatch had been received.

HAVE NOT ABANDONED HIM.

The French Government Will Back Up Marchand.

Paris, Sept. 28.—The Gaulois this morning publishes an interview with the minister of the colonies, M. Trouillot, in which he is quoted as saying it is not true that Maj. Marchand has been abandoned. Up to the present, the minister added, the French government has only the British version of the capture of Pashoda and no steps will be taken in the matter until the French officers' reports are received.

The minister further remarks that one essential point has been secured in the avoidance of a collision between the French and British troops and that it is here, and not on the Nile, that the question of Egyptian matters hinges on it will be settled.

WHERE ARE THEY?

God Only Knows Where the Reconcitrados Are, Says Dr. Congosto.

New York, Sept. 28.—Dr. Congosto, who arrived from Havana, consented to talk to a reporter this afternoon. Said he:

"The evacuation of Cuba by Spain is a matter of time, but when I left Havana everything was progressing well. I do not care to enter into all the reasons for the delay but one of the principal causes is the fact that we have over 6000 sick who must be taken care of and cannot be left behind.

"The problem of the future of the island is a difficult one. I have studied it without prejudice, and as a result of this study of years I believe that it is a social problem and not a political one. Of course politics will enter into the question, but the great question is how to bring the most prosperity and the greatest happiness to the people of Cuba. It is probable that there will be to do this. They anxiously waited for the firemen to put up ladders and take them away from their position, which became more perilous every moment from the spreading of the flames.

Dr. Congosto was asked as to the condition of the reconcitrados now. He answered with a smile.

"What has become of them?" was the next question.

"Where?"

"God knows," was the reply.

"Do you mean to say that they are all dead?"

"That probably explains it better than I can. It is a subject which I prefer not to discuss."

When asked as to the establishment of a new party for Spain, Dr. Congosto said: "Spain is still a great country, and she ought to have a great navy, and probably."

Discussing the fall of Santiago and the surrender of Gen. Toral, Dr. Congosto says: "The great mistake was made at Santiago, and if the leader lacked courage he deserves to be punished."

Santiago has been on duty at Lector for several months have been relieved and have gone to Washington. Only four now remain. The majority of the nurses in the hospital will leave during the next few days for camps recently established where their services are in greater demand.

Capt. McCarthy, of the quartermaster's department, is shipping away the stores as rapidly as he receives orders for them, and the large depot at Lyle will probably be empty in a short time.

Capt. McCarthy states that he has already shipped twenty or thirty cases of various kinds of quartermaster supplies.

Col. Lee, chief quartermaster, who has been here since April, will leave Sunday, as there is no longer need for his services for several months. Force will be dismissed at the end of this week.

Col. Tyson, sixth regiment, the only one at Chickamauga, has received orders to be ready to go to Cuba on Oct. 20. The order caused a great rejoicing among the men, as all are anxious to get away.

BYARD STILL LIVING.

But In A Very Much Weakened Condition.

Dedham, Mass., Sept. 28.—Hon. Thomas F. Bayard was still living this morning, although in such a weakened state that it seemed impossible that one breath could follow another.

There was no change in the condition of Hon. Thomas F. Bayard at noon today. He is still in a semi-conscious condition and could take no nourishment.

FATAL COLLISION.

An Excursion Train Crashes Into a Work Train.

Halifax, N. S., Sept. 28.—A special excursion train on the way to the Halifax exhibition from Pictou today crashed into a working train near Steelton.

James Sproul, engineer; A. O'Brien, engineer; W. G. Henderson, fireman; John R. McKenzie, fireman; and William Cameron, of Scotch Hill, Pictou county, a passenger, were killed. John McMillan, of Pictou, a passenger, was injured.

THE PRESIDENT'S TRIP.

He May Visit St. Louis After Omaha.

Washington, Sept. 28.—National Committeeman Kerens of Missouri had a second interview with President McKinley today in order to prevail upon the president to visit St. Louis while on his Western trip. The president stated, however, that he has not definitely settled his plans further than already has been outlined, going direct from Omaha to Chicago.

Mr. Kerens stated after the call that he thought the president would remain in Omaha Oct. 1, as well as Oct. 12, and that he would be in St. Louis on the evening of Oct. 14, leaving the next morning for Chicago. The part of the president's itinerary, however, is subject to a final decision.

GRAY IS OPPOSED

Democratic Member of the Peace Commission Does Not Desire Annexation.

MERRITT'S REPORT

This Will Have Much to Do In Deciding the Philippine Question.

Paris, Sept. 28.—The United States peace commission went into session at 11 o'clock this morning.

The Gaulois says: "In spite of the mystery surrounding the matter, we are able from a high source to give an outline of the position of both commissions. While the Americans have instructions which are much more precise than those of the Spaniards, there is a diversity of opinion in regard to the Philippines. Senator Gray is a very ardent Democrat, and consequently belongs to the party which repudiates annexation. He opposes all annexation, and his opinion, therefore, is totally different from that of the other four commissioners. One of whom would be content with a coaling station at the Philippines, possibly Cavite, while others, cut by flying glass, not serious; A. Magallo, tailor, hit by runaway reel and badly injured.

The Gaulois, however, believes that the Americans by mutual concessions will come to an agreement, and that they will be largely influenced by Maj. Gen. Merritt's reports on the situation.

The instructions to the Spanish commission, according to the Gaulois, are, briefly, to hold out the best terms possible. Madrid is well aware it appears that the conference, at the best, only have the pleasure of the people, and the only hopes entertained are that the Americans will not abuse the situation too much. Popular sentiment in Spain, it is added, thinks it better to abandon the Philippine islands than to keep them under conditions rendering them ungovernable.

Port Said, Egypt, Sept. 28.—Maj. Gen. Merritt, U. S. A., Maj. Strathairn, Aide-de-Camp Hall and Capt. Mott Howell, the general's secretary, passed here today on board the steamer Arcadia on their way to Marseilles and Paris.

WILL GO TO CUBA.

The Only Regiment Now Left at Chickamauga.

Chattanooga, Tenn., Sept. 28.—Lector hospital, the largest since it was built at Camp Thomas during the summer, will be closed within the next week or ten days. The number of sick men at the Lector hospital is supposed to be all needs. Six of the physicians who have been on duty at Lector for several months have been relieved and have gone to Washington. Only four now remain. The majority of the nurses in the hospital will leave during the next few days for camps recently established where their services are in greater demand.

Capt. McCarthy, of the quartermaster's department, is shipping away the stores as rapidly as he receives orders for them, and the large depot at Lyle will probably be empty in a short time.

Capt. McCarthy states that he has already shipped twenty or thirty cases of various kinds of quartermaster supplies.

Col. Lee, chief quartermaster, who has been here since April, will leave Sunday, as there is no longer need for his services for several months. Force will be dismissed at the end of this week.

Col. Tyson, sixth regiment, the only one at Chickamauga, has received orders to be ready to go to Cuba on Oct. 20. The order caused a great rejoicing among the men, as all are anxious to get away.

ONLY ONE DEATH.

Troops Are Rapidly Leaving Camp Wicket for the West.

New York, Sept. 28.—The departure of troops from Camp Wicket continued today and now there are only three regiments in the camp which a month or two ago had 25,000 men. The first cavalry got away today. They are assigned to the department of Dakota and the regiment will be distributed among the different forts in the department.

The hospital ship Lewiston, today took ninety sick men to Providence to be distributed among the various hospitals in that city. She also transported forty members of the Second and Ninth Massachusetts volunteers. All had been sick, but have recovered and went home on leaves of absence.

There were 225 men in the general hospital today and only one death was reported. Harry Weidman, of Company K, Second infantry, died from typhoid.

WELCOMED HOME.

Leavenworth, Kas., Sept. 28.—The Twenty-first Kansas regiment of volunteers arrived here today from Lexington, Ky. The first section carried seventy-two sick, twenty-two of whom had typhoid fever. Coffee and sandwiches were served the soldiers by the citizens, and later the regiment, commanded by Col. Pitch, marched through the streets to camp reviewed by thousands. School children, bearing flags, lined the streets for several blocks. The sick will be taken to Topeka and sent to their homes from there as fast as they become convalescent.

BROTHERHOOD OF ST. ANDREW. Baltimore, Sept. 28.—The thirteenth annual convention of the Brotherhood of St. Andrew assembled in this city today and will remain in session during the week, closing on Sunday night. About 1200 delegates are expected to attend, many of whom are already in the city. Half a dozen bishops of the Protestant Episcopal church will also be here.

Today's exercises were confined to a "quiet hour" session beginning at 2:30 p. m. and lasting one hour. Under the guidance of Rev. Dr. Algernon S. Crapsey, of New York. The business sessions of the convention will begin tomorrow morning.

LADIES!

ONCE MORE!

500 boxes Ice Wool in black, white and colors. Special Thursday, per box 6c

Millinery Opening HERE FRIDAY AND SATURDAY

AT WEST DULUTH

Mr. Dolliver of Iowa Addresses the Voters For the Republicans.

HOODLUMS CHASED

Attempts to Bother Speaker Meet With No Sympathy—Other News.

The Republicans opened their campaign in West Duluth last night with a meeting in Great Eastern hall which was addressed by V. B. Dolliver of Iowa. The West Duluth band was in attendance and aided materially in attracting a crowd that filled the seats and a portion of the standing room in the back end of the hall. Dolliver, who has a very pleasing address and is an entertaining talker, commanded respectful attention, and some of the points made by him were given liberal applause.

Soon after the beginning of the speech a couple of hoodlums attempted to interrupt the speaker, but they received no encouragement from the many silver purchasers present, and soon after left the room. The voters of West Duluth, regardless of party, intend that all political speakers shall be given a respectful hearing, and will not countenance any disturbance by those who do not sympathize with the speaker.

Albertain R. L. Cochrane was chairman of the meeting and introduced the speaker. He said in his speech that he took the position that the silver question was not an issue of the country, but that the voters of the country had disposed of it two years ago. He said, however, that the Democrats insisted on discussing it, and he therefore presented the arguments against it which had been thoroughly explained in every city and village in the country two years ago. He maintained that the nation was now enjoying an unusual prosperity, which was a fact that in itself refuted the claims made by the advocates of the free coinage of silver. The silver cause, he said, was a political wreck, and American voters could not be further interested in it.

The Dingley tariff law, he claimed, had worked wonders for the country. It had been passed by congress against the protests of the protectionist foreign countries, none of whom were satisfied with it, but it was entirely satisfactory to the United States. He claimed that the bill had given new life to every branch of industry and that it had done for the farmers all that they could desire. He said that the return of prosperity might be attributed by Democrats to Providence, instead of the Republican administration, and that as Democrats sought to thank the Lord, they would afford them an excellent opportunity.

In conclusion Mr. Dolliver talked of the war with Spain, and paid a splendid tribute to the men who volunteered their services to the country when a call was made for troops. All heroes, and those who go beyond the call of duty, he said, were entitled to credit as the boys who fought the battles on Cuban soil. The war, he said, had wiped out national prejudice and brought about a closer bond between the people in all parts of the country, and had done much toward stopping the talk of class being arrayed against class.

LIND CLUB ORGANIZED.
A Scandinavian Lind club for the Lind war was organized last night. The club was organized by Charles E. Johnson, who was elected president. Fifteen of whom are Republicans. Most of the men who attended the meeting after ward went to Great Eastern hall to listen to the speech of V. B. Dolliver. The membership of the club is limited to Scandinavians, and its organizers believe it will contain many Republican members as well as Democrats. It is organized in the interest of John Lind, the union candidate for governor, exclusively, and it is believed it will have fully 100 members before election day.

WHERE BEATING THEIR WAY.
Four colored men were seen attempting to beat their way on the southern-bound St. Paul & Duluth passenger train were arrested at the depot in West Duluth last night. They were riding on top of a passenger coach, and were taken off by the police at the request of the conductor. They were locked up and this morning sent to Duluth for trial in the municipal court.

WEST DULUTH BRIEFS.
M. M. Clark leaves today for Nebraska, where he will remain for two weeks. Likert, bridge this morning arrested Daniel Willet, a 16 year-old boy, who is charged by his mother with incorrigibility. Mrs. Willet says that the boy has passed beyond her control, and she remains out late at night and will not recognize her authority.

SCOTT & OLSON.
Wanted to rent, furnished or unfurnished house, not above Third street. D. 20 Herald.

A VILLAGE WIPED OUT. Twenty-two Buildings Destroyed by Fire at Claremont.

Minneapolis, Sept. 28.—A Claremont, Minn., special to the Journal says that a village was wiped out by fire last night. Twenty-two buildings being destroyed.

LOOKS BAD FOR MCINTYRE. Two More Witnesses Give Damaging Testimony Against Him.

Denver, Col., Sept. 28.—The court-martial trial of Captain Joseph P. McIntyre of the battleship Oregon was resumed today. Charles H. Sage, a real estate agent, who heard Mr. McIntyre's lecture on Aug. 8, testified that the report of the lecture which appeared in the Rocky Mountain News, extracts from which are used in the specifications to support the charges against the accused, was substantially correct. He said the nugget was in the shape of a sickle, and he had called it the "Sacred and Golden Sickle," as it had been found as the result of a vision that came to a poor but holy paragon. It had been dug up by the priest, guided by the parishioners. The nugget had been found under the surface of the Klappan road, a quarter of a mile from the nearest lake. When the nugget was exhibited and the place indicated the crowd made a wild rush for the spot in baggies, on horseback and on foot.

TELL THEM YOU SAW IT IN THE HERALD. WILCOX COMPOUND ANKYLOSIS PILLS.

THE STATE OF MINNESOTA, COUNTY OF ST. LOUIS. District Court, Eleventh Judicial District.

vs. Plaintiff, Thomas A. Sheridan, Defendant.

The State of Minnesota, to the Above Named Defendant: You are hereby summoned and required to answer the complaint of the plaintiff in the above entitled action which is filed in the office of the clerk of the district court of the Eleventh judicial district, in and for the county of St. Louis, and state of Minnesota, and to serve a copy of your answer to the said complaint on the undersigned at their office in the city of Duluth, within twenty days after the service of this summons upon you, exclusive of the day of such service; and if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action will ask judgment against you for the sum of three hundred and twenty-five dollars, with interest at the rate of 7 per cent per annum from the 15th day of April, 1888, together with the costs and disbursements of this action. Dated September 27th, 1888.

Plaintiff's Attorney, Daniel M. White, Duluth Evening Herald, Sept. 28-Oct. 5-12 D-20-Nov-2.

WITH A SMALL CARGO. The City of Washington Arrives from Havana.

New York, Sept. 28.—Among the passengers who arrived today on the steamer City of Washington from Havana were Dr. Jose Gongosto and Capt. Fred Sharp of the Merritt & Chapman Wrecking company. The City of Washington brought forty-one cabin passengers and a small cargo composed chiefly of cigars and tobacco.

Dr. Gongosto declined to talk. He will sail for Havana on Oct. 1. Capt. Sharp was greatly pleased to learn that the Spanish cruiser Maria Teresa had been raised and taken to Guantanamo. He thinks the collector can be floated.

ORDER FOR HEARING ON CLAIMS—State of Minnesota, County of St. Louis.

In Probate Court, Special Term, September 27th, 1888.

In the matter of the estate of Orson Coon, deceased.

Letters of administration on the estate of said deceased being this day granted unto Henry Van Brunt, of said county.

It is ordered, that all claims and debts be presented to this court, for examination and allowance, at the probate office in Duluth, in said county, on the first Monday in April, A. D. 1889, at ten o'clock a. m.

It is ordered further, that notice of the time and place of the hearing and examination of said claims and debts shall be given by publishing this order once in each week, for three successive weeks, prior to the day appointed for such examination. In the Duluth Evening Herald, a daily newspaper printed and published at Duluth, in said county.

Dated at Duluth, the 27th day of September, A. D. 1888.

By the Court, PHINEAS AYER, Judge of Probate.

(Seal) Duluth Evening Herald, Sept. 28-Oct. 5-12

...Men's Overcoats...

There is a peculiar and valuable individuality about our Overcoats that proclaims their superiority. We claim our Overcoats are more stylish, better made, and are sold for less money than Overcoats found in the usual clothing store. Our Overcoats are all the new 1898 styles, made up from the best cloths, fashionable in design, not extreme, tailored by experienced hands and sold nearer the cost of making than any other good garments in this country.

The first thing a Man needs in the Autumn is a—

Top Coat.

It is really as necessary in the Spring as in the Autumn. In fact, a garment for every season of the year. During the early morning and late evenings a Top Coat is a necessity. We show them in light and dark colors, Cassimeres, Cheviots, Viennas, Meltons, Kerseys, black and fancy Worsteds, Covert and Thibet cloths.

Those of our stock which bear this label

And which we sell at—

\$7.50, \$10, \$12, \$15, \$18 and \$20.

We Warrant Equal to first-grade tailor made-to-order garments at double, or more than double, our prices. Give us an idea of what you want, we will fit you with a Top Coat without any complicated measurements or delay, and but one "try-on."

YOUR MONEY BACK IF YOU WANT IT.

M. S. BURROWS.

SAME MIND AS DAVE.

Four Colored Men Who Do Not Like Duluth's Climate.

Four colored gentlemen named William Elston, Jack Spears, Ed Brown and Charles Brower were arrested here before Judge Edson in police court this morning on the charge of trespass. They were arrested last night while trying to board their way to Duluth on a St. Paul & Duluth passenger train. From the statement made by Mr. Spears, it appeared that these four people in the state anyone who thinks Governor Clough does about Duluth's climate. Mr. Spears said that they desired to spend the winter in warmer climate and were trying to make their way to St. Paul. Mr. Spears and Mr. Elston pleaded guilty to the charge against them and will spend five days on the hill. The other gentlemen in the party pleaded not guilty and were to have their trials this afternoon. James O'Neill was arraigned on the charge of using profane language to Mr. and Mrs. E. Fernandez. He pleaded not guilty and his trial was set for Tuesday. The case against Rachel Snow, alias Josie Howard, who was charged with the theft of a pocketbook containing a small amount of money and a railroad ticket from Mrs. R. A. Peers on a Duluth & Iron Range train recently, was dismissed on motion of the prosecution. The fair Rachel has, it was stated, made restitution.

Peter Is Given a Chance.

Peter Drodzowski, the 5-year-old lad who stole the bag of money from the power house at the incline railway recently, was convicted of the theft yesterday afternoon in municipal court. He was given to Nov. 28 to prove whether he intends to be a good boy and go to school or not. At that time he is to appear before the court and report of his doings is to be presented. If the report is not satisfactory, Peter will go to Red Wing.

A Charge Preferred.

The charge of grand larceny in the second degree has been entered against Thomas O'Connor, who was arrested Monday night on the suspicion that he had robbed Lewis Cass in a Garfield avenue saloon Monday. It is alleged the sum taken from Cass amounts to \$94. The hearing was set for Oct. 2 at 10 a. m. and bail was fixed at \$250. O'Connor was sent to jail yesterday in default of \$25 bail, pending his trial in the charge of assaulting Ann Cammen, which is set for Sept. 30.

Reception for the Secretary.

Secretary Shuman of the Y. M. C. A. was given a reception last evening in the assembly hall. There was music and punch and waters were served. The hall was tastefully decorated with flags and autumn leaves. Those who took part in the musical program were Mrs. Marguerite Curtis and Mrs. Robert L. Knebel, who rendered solos; Miss Flora Louden and E. Chaffee, who sang a duet; and Mrs. J. N. McKinley, Miss Florence Clement and Miss Whitley, who sang a quartet.

Will Play Football.

Jack Burns of the Duluth Baseball club has gone to Minneapolis to play a game of football with the South Side high school. Roy Patterson, the crack pitcher, has gone to his home at St.

IS MAKING HONEY.

Mayor Is Anxious For Peace In the Water Board Controversy.

HE MAY APPROVE IT

Possibility That He Will Agree to Abolish the Water Commission.

The council committee appointed to investigate charges of concealment of water in the plant property of the officers of the company when the plant was turned over to the city, made by William Craig, held a meeting at the city hall and examined several witnesses. What the committee got at the members would not say, but it was stated by one of them this morning that facts were unearthed that will render an explanation from the officials of the company necessary to remove the stigma prima facie in support of the charges.

It was also stated that the committee is inclined to regard the failure to set forth in the contract an inventory of the tools, which are stored in the cess-pool, as an omission, as an unnecessary omission. No inventory of the tools was taken by the city. It was stated, at the time the plant was turned over, that the tools that his estimate was correct. While the mayor said that the tools were not in the contract, it was suggested by a member of the council that the suggestion was lost sight of. The inventory was not made, but the suggestion was lost sight of. The inventory was not made, but the suggestion was lost sight of. The inventory was not made, but the suggestion was lost sight of.

THE DISTRICT COURT.

Suit Against Anchor Line of Steamers On Trial.

In district court this morning the case of Freeman Keene et al against the Anchor Line of Steamers was still on before Judge Edson, and the attorneys expected to reach the jury either late this afternoon or early tomorrow morning. Judge Cant yesterday afternoon continued the case of the Western Thompson et al against the Anchor Line of Steamers. Some time ago Harris et al filed a default judgment against Lynch, who is a seaman, and the Anchor Line of Steamers. In a personal injury suit against him and the Anchor Line of Steamers. Subsequently the Anchor Line of Steamers and Lynch disclosed that it had \$175 due Lynch. Later sixteen longshoremen appeared and claimed equal shares with Lynch in this money, and they asked that the money be paid to them. Judge Cant decided in favor of the intervenors, so all that can be reached, under the judgment, against Lynch is a sixteenth of the amount. This morning Judge Cant, in hearing the case of Al. M. Turner against Thomas L. Blood et al, cleared up the case of Lynch and Lynch.

TIME NOT FAR AWAY.

The Wileys Believe Gold Country Will Soon Be Appreciated.

F. S. and A. M. Wiley, of Port Arthur, returned from St. Paul this morning and left on the Dixon for home. The Wileys are extensively interested in mining operations on the Canadian side of the line, and have properties in the Seino River and Sawhill districts. They have a lease on the Rabbit silver mine, about forty miles from Port Arthur, which they are operating at a good profit. They shipped a great deal of ore to the Omaha reduction works during the summer, several thousands arriving here a few days ago on the Marquette out to the smelter. They believe that mining districts in the world, and that the time is not far distant when it will be so recognized by the general public. Development work is proving the soundness of the judgment of those who have invested there, and when mining experts learn what is being accomplished they will awaken to a realization of the opportunities open to practical miners.

Duluth Upholstering House, 10 East Superior Street.

Special invitation to the ladies to call and inspect our line of Furniture Coverings, which just arrived. Inspect our work. Get our prices on your repair work and upholstery to order. We are still the lowest in price for good work.

Watch Our Window.

Pushing the Work.

Six miles of track have been laid on the Duluth & Northern Minnesota railroad, and the grading is completed for four miles more. Considerable bridge building will have to be done, however, before track laying can be proceeded with. The company is still in need of men. It has not yet been decided how extensive the logging operations of Alger, Smith & Co. will be in the territory which the road is intended to open up.

Married at St. Paul.

Yesterday at St. Paul Edward M. Stone, of Duluth, and Miss Annie Polesky, of that city, were married. Mr. and Mrs. Stone were at home at 21 East Fifth street in Duluth after Oct. 20. Mr. Stone is of the firm of Lundberg and Stone.

Smith & Smith's Drug Store.

Probably no other city in the West can boast today of as handsome a drug store as the new one of Smith & Smith, at 101 West Superior street. Since the fire an entire new stock of drugs and everything usually found in an up-to-date drug store has been purchased, and with the many improvements in the store, Smith & Smith are now better prepared than ever to attend to the wants of their customers.

WE'RE MINUS THE CHECK.

Forgery Charged But the Paper Could Not Be Found.

Walter Winters and Charles Edwards were arrested in front of the Spalding hotel last evening by Detective Trayer for attempting to pass a forged time check for \$35, purporting to have been issued by King & Steele, at Oreckovsky & Co's clothing store, 518 West Superior street, Saturday afternoon. Both were identified by Mr. Oreckovsky, who said that Winters was the one who tried to pass the check. Edwards was released last night as it could not be ascertained that he had anything to do with the actual attempt to pass the check. Winters was released this morning on the advice of the county attorney as the check could not be found.

Another young man whose parents are said to be well-to-do people living in Minnesota, was arrested later on the suspicion that he had been implicated in getting up the check, and he also was released after being detained a short time. Joseph Oreckovsky, on whom the men bought some clothing in his place and Winters tendered the check in payment. On a pretense of getting change, Oreckovsky went out to ascertain if the check was genuine. He happened to meet Mr. King and was informed that the check was a forgery. Mr. King telephoned to the store, while Oreckovsky returned to the store. When the officers arrived the check had been given to the store. Winters jested the paper out of his hand and ran out at the back door. Winters said last night that Mr. Oreckovsky handed him back the check and he had better get out. Winters is about 22 years of age. He has served a term in the reform school for burglary committed in West Duluth.

The Junior Militia.

The Junior militia company is drilling hard in preparation for the reception to the Duluth militia on their return from the militia camp. The company is prominent part. Sergt. Gibson of Company C is drilling the company. The membership of the company has increased to seventy-five. The company is drilling on the hill. The first sergeant, skipped drill for the bicycle drill. The company is drilling on the hill. The first sergeant, skipped drill for the bicycle drill. The company is drilling on the hill. The first sergeant, skipped drill for the bicycle drill.

A Special Train Cost.

Jacob Zimmerman yesterday afternoon began a suit in district court against Thomas A. Sheridan to recover the cost of getting a railroad contract in which both were interested. In the complaint the plaintiff claims that he had a chance to get a railroad contract down Texas, and he arranged to take a special train on October 1. The cost of the train was \$50, and Zimmerman claims that he paid for it. He claims that at one time he agreed to pay half of the expenses. White & McKee are the attorneys.

Interesting Lecture.

Mrs. Keyes' lecture, the first of the series, will be given Tuesday evening at 8 o'clock at the Duluth Mission. The lecture is on the subject of "The Power of the Word." Those present speak very highly of the lecture. The lecture will be delivered at Kalamazoo hall tomorrow afternoon.

FREE LECTURE TO LADIES

At Kalamazoo Hall, 18 West Superior Street, tomorrow at 2:30 p. m., by Mrs. P. B. Keyes of San Francisco. Subject, "Disease vs. Beauty."

Not So Large an Amount.

Work on the stone pier for the new steel bridge, the Duluth Mission, is being commenced. There are the most highly skilled men on the way on this road at the present time. The bridge is to be done on the road and the main line and branches during the winter. The road is being graded and the main line and branches during the winter. The road is being graded and the main line and branches during the winter.

Three Got Their Discharges.

Ed Haines and Scott Cash arrived home today from Camp Van Dusen having received their discharges from the Twenty-fourth regiment. Company C men were discharged. D. W. Stocking was the only other Duluth man discharged. Mr. Stocking will return tonight.

His Skull Fractured.

Louis Matteson, a laborer employed on the new reservoir, had his skull fractured this afternoon by a fragment of rock flying from a blast. He was taken to St. Mary's hospital and operated on. The injured man is well along in years. His regular occupation is that of fisherman. He lives on Park point.

Entertainment Notice.

Dramatic entertainment at St. Paul's guild rooms Wednesday and Thursday evenings. Comedietta "A Fair Encounter," farce comedy, "A Proposal Under Difficulties," by J. K. Bangs. Admission, 25 cents.

What Others Have Done You Can Do. The fact that scores of former Business University students who have completed one or more courses in the night school are today holding important remunerative positions and are in many cases making money, is an incentive for all ambitious young people to make the best use of their opportunities. Enrolling for a course in the Business University on Monday evening, Oct. 3, the date of the opening of the school, from 8 to 12 each morning, from 1 to 6 each afternoon, and from 7 to 8 each evening.

WINNIE DAVIS' SUCCESSOR.

The Mantle Will Fall Upon Miss Lucy Lee Hill.

Chicago, Sept. 28.—Miss Lucy Lee Hill, an examiner in the office of the civil service commission, is the new Daughter of the Confederacy. Her Southern friends have conferred this honor upon her since the death of Miss Winnie Davis. During the day she received numerous congratulations over the distinguished honor.

Miss Hill is a native of Virginia,

and comes from one of the oldest and most aristocratic families in the South. She is a distant relative of Gen. Richard Lee. In 1893 she came to Chicago as one of the fair commissioners from Kentucky, and since then has made this city her home. She has been engaged in the office of the civil service commission since last winter.

When seen today Miss Hill said: "Yes

my friends in the South insist that the mantle of Miss Winnie Davis shall fall upon my shoulders." You see I have
